## Pandemic pay supports front-line Workers

Health and social service workers delivering in-person, front-line care to some of B.C.'s most vulnerable people will receive a financial boost through temporary COVID-19 pandemic pay.

"From care aids to domestic violence workers, to people working in corrections and others delivering essential addictions and mental health supports, our front-line workers are providing vital support to people who are most vulnerable during the COVID-19 pandemic," said Carole James, Minister of Finance. As part of a cost-shared program with the federal government, temporary pandemic pay will support people working on the front lines in B.C.'s health-care system, social services and corrections. This includes workers delivering a range of health and social services to people most vulnerable to COVID-19. More than 250,000 eligible front-line workers will receive temporary pandemic pay, a lump-sum payment of about \$4 per hour for a 16-week period, starting on March 15, 2020. Eligible workers will receive the payment directly through their employer and do not need to apply. "People at the front lines of the pandemic are working tirelessly to keep us and our loved ones healthy, while also delivering services to the most vulnerable in our community," James said. "This cost-shared program with the federal government will benefit thousands of British Columbia's front-line health and social service workers." Temporary pandemic pay is part of government's \$5-billion COVID-19 Action Plan to provide relief to people, communities and businesses in British Columbia. It builds off the planned minimum wage increase set for June 1, 2020, and existing supports for people during the COVID-19 pandemic, including the B.C. Emergency Benefit for Workers and the enhanced B.C. Climate Action Tax Credit boost in July 2020, which doubles the annual benefit for low- and middle-income people. ## Danger In Community Trails

Due to the incident in Fort St John BC on May long weekend where a father was riding an off-road vehicle and struck a wire across the off-roading trail and ended up in the Hospital. The Chetwynd RCMP would like to inform the public about the walking trails and off-road driving in the town of Chetwynd BC and tampering with trails.

Under the Off-road Vehicle Act of BC, persons are allowed to operate off-road vehicles on Crown and Municipal land. The walking and hiking trails in and around Chetwynd BC are all owned and operated by Crown and therefore walking, hiking, horseback riding and off-road vehicles are allowed to use any and all of these trails. The only time it is an offence under the Off-road Vehicle Act, is under Section 17 (1)(A) when an off-road vehicle is driving "in a careless, reckless or negligent manner that may endanger or cause injury to persons or damage to property".

On May 20th 2020, the District of Chetwynd, was informed of a board with long nails being placed across the walking trails near the Centurion Bridge trails behind the Rodeo Subdivision, Chetwynd BC. The picture is attached. The Chetwynd RCMP along with the District of Chetwynd would like to remind the public that it is illegal to tamper with the trails and anyone caught causing issues to or with the trails could face fines up to \$2000 and or be charged under the Criminal Code.

The Chetwynd RCMP will continue to monitor and patrol these trails for people not abiding by the rules. If you notice any tampering with the trails it is encouraged to contact the Chetwynd RCMP.

If anyone has any information regarding who placed this board on the trails it is encouraged to contact the Chetwynd RCMP 250-788-9221 or Crime Stoppers 1-800-222-8477.

## 3 car care tips for summer

Though summer is typically kinder to your car than winter, sunny weather can still take its toll. Here are three tips for looking after your car during summer.

**1. Keep the engine cool.** Hot days can make your engine over-heat, so it's important to keep your car's fluids topped up — they carry heat away from your car's critical components. Check the levels regularly and be sure to top up your coolant, motor oil, transmission fluid, power steering fluid and brake fluid as needed.

**2. Keep your tires inflated.** Under-inflated tires are prone to over-heating, which can result in a blowout. High road temperatures further contribute to the overheating, so in summer it's important that you check the pressure in your tires regularly.

**3. Protect your car's paint.** The scorching sun can cause your car's paint to peel and chip. When possible, you should try to park in shaded or covered areas. It's also a good idea to get your car waxed to provide it with an extra layer of protection. Alternatively, you can apply a UV polish.

Be sure to follow these tips this summer so you can keep cruising all season long.

A bear walks into a bar and says, "Give me a whiskey... and a cola."  
"Why the big pause?" asks the bartender. The bear shrugged. "I'm not sure. I was born with them."

## Michael (Mike) Peter Dachuk

**Michael (Mike) Peter Dachuk joined the big car show in the sky on May 3, 2020. He is survived by his loving wife, Carol, and his four daughters, Michelle, Brenna, Jolene, and Jennifer, as well as 13 "snot-nosed" grand kids and his sisters, Diane and Cathy.**

**Mike was born August 10, 1954 to Archie and Helen Dachuk. Mike was the middle son, born between two sisters. Being bossed around by 3 girls when he was young helped prepare him for being ordered around by 5 later on. He met his wife Carol when she kept bringing him hot coffee while he napped at Denny's. Over 40 years, 4 kids, and probably 4,000 or more coffees later, he'd still fall asleep sitting up and she'd still bring him a fresh cup.**

**Mike loved his drag races, although it better be a full quarter mile, none of that 1/8 mile BS. He was also a big fan of**

**NASCAR, car shows, Barrett Jackson and playing darts, not necessarily in that order. He could often be heard by friends and family, blasting good tunes and singing along, and he could do a mean Donald Duck impersonation. Mike loved taking his grand kids to Chemainus Lake. They were determined to rid the lake of sunfish, and a tally was kept each time (first, biggest, smallest & most)**

**Mike was the king of the homemade Grandpa-burger, without a doubt the most delicious burger on the planet. He also believed that politicians were like diapers; both needed to be changed often for the same reason.**

**Following his wishes, there will be no service, but well-wishers are encouraged to rev their engines, burn some rubber and don't red light. And for Petes's sake, don't bring the car back empty.**

**Condolences may be offered online at [www.sandsduncan.ca](http://www.sandsduncan.ca)**

## Under New Ownership

It is with great pleasure that we can announce that Ridge Rotors Inc. has acquired Buffalo Aerial Services Ltd.'s facility at the Chetwynd Airport as of May 15, 2020.

Buffalo Aerial Services has been providing helicopter services to the surrounding area from the early 2000s and has built up a strong core with their customers. It is this strong relationship that Ridge Rotors plans to continue to build on. We recognize that customer relationships cannot be bought, but we hope we will be given the chance to try to strengthen that relationship.

Ridge Rotors has been providing helicopter services in Tumbler Ridge, BC since 2003 covering many of the same services as Buffalo Aerial Services. The two companies have worked closely together on various projects over the years. When we have not worked together it has always been a friendly competition. So we are very excited about now been given the opportunity to continue the helicopter services in the Chetwynd area where Buffalo Aerial Services have left off.

We are looking forward to meeting and serving the customers in the Chetwynd area.

Sincerely  
Hans Christian Nogel  
Operations Manager  
Ridge Rotors Inc.

## Five great ways to give back to your community

Looking for a way to give back to your community? Here are five charitable or neighbourly deeds you can perform on an ongoing basis.

#### 1. SHARE YOUR COOKING

When cooking for yourself, make extra portions to offer to a homeless person or a low-income family in your neighbourhood. Or, alternatively, when getting take-out buy an extra portion to give to them.

#### 2. ORGANIZE A NEIGHBOURHOOD CLEANUP

Share your love for the environment with your friends and neighbours. Gather a

group of four or five people to pick up litter in your area. Make an event of it by finishing with a barbeque or potluck.

#### 3. COLLECT FOOD BANK ITEMS

Set out a bin at your workplace that you and your coworkers can fill with non-perishable food items for the poor. Bring the donations to a food bank in your area every week or two.

#### 4. DECORATE FOR SOMEONE ELSE

Do a bit of holiday decorating for an elderly person who lives alone, is sick or has reduced mobility. For instance, something as simple as balloons or flowers can set the stage for Valentine's Day or Easter.

#### 5. MOW YOUR NEIGHBOUR'S LAWN

Next time you mow your lawn, check to see how your elderly neighbour's lawn is doing. However, it's a good idea to ask first, just to be sure it's something they want done.

While working with a charity is a great thing to do, so is volunteering to help out in smaller but equally meaningful ways within your community.
