CHETWYND LOCAL SARA HOEHN RECEIVES YMCA OF NORTHERN BC 2020 FUNDRAISING VOLUNTEER AWARD

Sara Hoehn of Chetwynd received the YMCA of Northern BC Volunteer Award for all her hard work fundraising for the YMCA over the last couple of years. In particular, she headed up the Little Lights Playground Replacement Fundraiser, Purdy's Chocolates Fundraiser, and the Gift Card Fundraiser.

Sara is only a parent volunteer, but she one of the main founding members of the Parent Advisory Committee and also sits on the YMCA Chetwynd Care and Learning Centre board. She is also on the Chetwynd Public Library Board of Directors as well as the Chetwynd KidSport Board of Directors.

"Well it is my sincere pleasure to present our fundraising volunteer of the year award to Sara Hoehn. Sara has been tremendous in terms of her time talent and resources, to be able to support activities, to fundraise that helps us execute our mission," said Amanda Alexander, CEO of YMCA of Northern BC, during a Zoom presentation on February 25th.

Lynette Mikalishen, Director of Childcare Services of YMCA of Northern BC, says she was struck by Sara's dedication to the community. Lynette also mentioned that when the YMCA of Northern BC took over Little Lights Daycare in September 2019, she was impressed by Sara's desire to fundraise for all YMCA programs, not just those that effected Chetwynd, and how that resonated with her own desire to make the North the best place it can be.

"If I could duplicate you in every community, it would bless my heart," Lynette joked. "I appreciate your passion and your knowledge for childcare. Thank you, on behalf of all of us and the children and families of Chetwynd and the incredible team, Katie and the team, and I know that they certainly appreciate all of your support as well, so we're so happy to recognize you with this fundraising award."

A linguistics professor was lecturing his class one day. "In English," he said, "A double negative forms a positive. In some languages, though, such as Russian, a double negative is still a negative. However, there is no language wherein a double positive can form a negative." A loud voice from the back of the room piped up, "Yeah, right."

The customer ordering a floral arrangement from my shop was giving me very specific guidelines. "Nothing fragrant," she instructed. "Nothing too tall or too wild. And no bright colors, please. My house is decorated in beige and cream. Here is a wallpaper sample." She handed me a plain square of tan-colored paper. "Your name?" I asked. "Mrs. Bland," the woman replied.

DEVELOPMENT OF A PEST MANAGEMENT PLAN

Pest Management Plan Reference Number: HBL-W232-2021/26

Applicant: **Harroff Bros. Logging Ltd**

As per the Integrated Pest Management Regulation of British Columbia, Section 61(1) notice is given that a draft Pest Management Plan has been prepared by Harroff Bros. Logging Ltd. This Integrated Vegetation Management (IVM) plan represents a proactive program of identification, prevention, and monitoring of pests (herbs, shrubs, and deciduous trees), while carrying out sound silvicultural treatments (brushing and weeding) to achieve a well-growing crop of trees, and operating in a broader landscape management context.

This IMVP is intended to encompass all project openings where Harroff Bros. Logging Ltd. (HBL) holds silviculture obligations in Woodlot License W232. The HBL license is located in the Dawson Creek TSA within the Prince George Forest Region close to the communities of Chetwynd and Hudson's Hope. The license and IVMP area is located approximately 15km northeast of Moberly Lake, BC. Opening areas lie approximately 5 km west of the Junction of Jackfish Lake Rd and Bremner Rd.

The duration of this plan will be from submission in Spring 2021, for a term of 5 years to the spring of 2026.

Herbicide applications are intended within the areas to which the plan applies to control unwanted problem vegetation. The herbicides that may be used under this Pest Management Plan display a Pest Control Products Act Registration Number indicating that the product has been registered for use by Health Canada, and include:*

Trade Name	Active Ingredient
VisionMax, Vantage Forestry or Weedmaster	Glyphosate
Garlon RTU or Garlon XRT	Triclopyr

**Note: Alternative products containing any of the Active Ingredients above may be substituted for the products mentioned on this list.*
