Local Teen Spends Week in Montreal Learning Circus Skills

Fifteen year old Ocean Nelson just returned from a trip of a lifetime in Montreal, Quebec. She was among kids from all over the nation who joined for a week of learning incredible circus tricks and skills from some of Canada's greatest performers.

"It was such a healthy community where everyone was ready to make friends. There were so many different personalities coming together with one common interest," says Ocean.

Ocean in the centre on stilts among other performers and instructors

Besides just practising and focussing on the skills learned, it was also a great atmosphere for the young performers to be able to freely express themselves, make friends, gain a sense of leadership and find new skills to help with conflict resolution. Ocean mentioned that many of the kids struggled with mental health and this was a comfortable space to help them overcome and better their confidence.

Ocean has been participating in the "Green Fools" spring circus workshop, here in Chetwynd, for more than 7 years, just recently taking on more of a mentoring roll to younger circus enthusiasts.

Ocean mentioned that during her trip to Montreal, they had the opportunity to practice in many different spaces and studios around the city, which gave her an opportunity to see the beautiful city on Montreal.

The week finished with a final performance where they showed the different skills they learned throughout the workshop.

Happily ever after A wedding guide

4 fresh ideas for decorating wedding tables

The centrepieces at your wedding are sure to be the decor that your guests notice the most. Here are four fresh ideas for centrepieces that will make a statement.

1. Potted plants. A welcome change from cut flowers, potted plants can be taken home by guests and enjoyed for years to come. Anything goes, from cute succulents and cactuses to tall orchids and even herbs or flowers that can be transplanted outdoors.

2. Terrariums or lanterns. A geometric glass vase or container will complement almost any type of wedding esthetic. Fill it with moss and cut flowers for a romantic look or sand and seashells for a beachy vibe.

Or, substitute the vase with an old lantern if you want to create a more rustic look.

3. Candles. A wedding is the perfect time to indulge in a romantic, candlelit dinner. Tall tapers in a variety of different candleholders are ideal. Or, use candles of varying heights to add visual interest.

4. Suspensions. If the ceiling and venue allow for it, consider hanging your centrepieces from above. Flower arrangements, candles and other items can be hung to add ambiance to the table and will dramatically impact the look of the room as a whole.

No matter what type of centrepiece you choose, make sure it's not so tall or wide that it gets in the way of conversation around the table.

How to dress your bridesmaids

Whether you have three bridesmaids or 13, you'll need to decide what you want them to wear. Here are some options.

SAME COLOUR, SAME DRESS

For a classic and cohesive look, ask your bridesmaids to wear matching dresses that correspond to your wedding decor. This option is best when the girls in the group have similar body shapes and skin tones.

DIFFERENT COLOUR, SAME DRESS

For a multicoloured esthetic, choose a style of dress and let your bridesmaids pick the hue they wear. If you prefer a more subtle

approach, ask them to wear different shades of the same colour.

SAME COLOUR, DIFFERENT DRESS

This is a great way to show off your bridesmaids' personalities while still maintaining a cohesive look. You can even opt for convertible dresses. These can be worn as many as 20 different ways, so your girls will have no problem finding a look that suits them.

Ultimately, you don't have to follow any rules when choosing your bridesmaids' dresses. The most important thing is that the women who matter most to you will be there with you on your big day.
