NOT SURE YOU WANT IT? SAMPLE IT!

The Province is supporting increased consumer choice and encouraging the growth of B.C. small businesses by modernizing policy to allow any establishment that sells liquor to provide samples in a socially responsible manner.

In response to feedback from British Columbians and small businesses through the Liquor Policy Review, government has increased the maximum sample size, giving customers a better sense of the taste before deciding whether they would like to purchase full sized liquor products.

Liquor and wine stores are also permitted to charge for samples to help recoup the costs of expensive products. These retailers will also be permitted to have two manufacturers or liquor agents provide samples in-store at one time.

These changes will benefit wine stores, private liquor stores, licensed restaurants, pubs, bars and nightclubs and liquor agents as well as consumers, and build on previous work done by the Province to make it easier for retailers to market products in an economical and socially responsible way, including:

- Permitting licensees to offer time-limited drink specials (e.g., happy hours), provided the price is not below the prescribed minimum consistent with those advocated by health advocates.
- Allowing manufacturers to offer patrons liquor that was not produced on site (e.g., wineries can now sell beer to visitors).
- Permitting B.C. liquor manufacturers to offer products for sample and sale at temporary off-site locations like artisan and farmer's markets.
- Allowing patrons to buy bottles of liquor to take home that are showcased at festivals or competitions.

Quick facts:

- Prior to these changes, samples sizes were small and varied in size depending on circumstances, making it difficult for retailers to offer proper tastings.
- The new maximum sample size has increased to one half of a full serving – 75ml for wine, 175ml for beer, and 20ml for spirits – per person, per day and divided as the licensee chooses.
- These changes implement Liquor Policy Review recommendation number 59.

To date, 42 of the 73 Liquor Policy Review recommendations have been implemented. Work to continue implementing additional recommendations is ongoing.

Amuri Forest Management Ltd.

DEVELOPMENT OF A PEST MANAGEMENT PLAN

As required under the Integrated Pest Management Act and Regulation, Amuri Forest Management Ltd., has prepared a draft Pest Management Plan (PMP). This plan describes a pest management program using Integrated Pest Management techniques as part of their vegetation management program, where silviculture obligations exist, within specific areas of the woodlots listed below in the North and South Peace. This draft is available for public review at the address below. The woodlots covered by this plan are:

Woodlot W0604 located at Mile 85 (Kitt Road) and Mile 92.

Woodlot 1165 located at the junction of Highway 52 and the Kelly Lake Road

Woodlot 1912 located at 11 km and 25 km on the Beaton River Airport Road

Woodlot 1924 located at 15 km on the Mile 98 Road

Woodlot 1953 located at 8 km on the South Puggins Road

The use of pesticides is intended within the areas to which this Pest Management Plan applies. Under this PMP, Amuri Forest Management Ltd. will use a combination of selective and broad based techniques, alone or in combination with one another, to suppress and control competitive vegetation. Our approach to prompt reforestation with quality seedlings on the best microsites enhances our efforts towards reducing the circumstances where vegetation control is needed. Where vegetation control treatments are required in order to fulfill legal obligations for stand establishment, one or more of the following treatment options may be selected based on detailed site assessments:

- Mechanical & Manual treatments such as Hand Girdling, Brush and Chain saws, (brushing & weeding), Site Preparation;
- Herbicide Application with ground foliar spraying, selective or spot treatment.

Herbicides proposed for use include, glyphosate (E.g. Vantage Forestry / VisionMax/Weedmaster or equivalents).

The proposed duration of this PMP is for a five year period, beginning 2016, and ending 2021.

The draft PMP and associated map is available for public review and comment by appointment at 7244 – 253 Road, Baldonnel, BC from 8:00 A.M. until 4:30 P.M. Monday through Friday, for a 30 day period following publication of this notice.

Phone: 250 789-3411

Amuri Forest Management Ltd.
7244 - 253 Road, Baldonnel, B.C., V0C 1C0

A person wishing to contribute information about a proposed treatment site, relevant to the development of the pest management plan, may send copies of the information to the applicant at the address above within 30 days of the publication of this notice.

Looking for *Heroes* AMONG US

Here in Chetwynd, we have a lot of amazing people to celebrate. From fantastic youth leaders and helpful neighbours, to coaches, teachers, councillors, and many more people that make our community a better place. Throughout the summer I intend to expose these people for what they really are... "Heroes of Chetwynd."

Quite often people associate heroes as professional athletes or celebrities. In reality, heroes live among us performing small acts that win our admiration. A hero can be described in many words: compassionate, selfless, caring and thoughtful are just a few that come to mind.

I'm looking for people I can feature in our paper

- the person who shovelled your driveway
- someone who brings you soup when you're sick
- someone who visits the elderly
- a person whose smile brightens your day
- or an entire staff at a local business

I need your help to shine the spotlight on the wonderful folks that make our town such a great place to live. Email short stories, a few paragraphs or give me a call. This special someone who is worthy of recognition will be featured in our paper. Be sure to let me know so they can get what's coming to them... a big thank you for making Chetwynd a better place to live.
