NORTHERN HEALTH AND DISTRICT OF CHETWYND COLLABORATING ON SUSTAINABLE HEALTH CARE PLANNING

The District of Chetwynd and Northern Health are actively working on a physician recruitment strategy, and the opening of a new primary care clinic and strong promotion of the community are the keys.

"The goal of the strategy is to ensure sustainability of health care services in the community in the long-term, while meeting the needs of the community while recruiting new physicians," said Peace River South MLA Mike Bernier. "I'm pleased to see the community helping lead the recruitment of physicians to Chetwynd which will lead to long-term sustainability of health services."

Examples of successful community partnership leading to physician recruitment include Fort St. James and Mackenzie.

"As Chair of Council's Health Services Committee, I know that a lot of work is going on behind the scenes to ensure that Chetwynd maintains a full complement of Physician services for our community," said Ernest Pfanner, District of Chetwynd Councillor. "We have forged an important relationship with Northern Health staff, who are working diligently to create a new health care delivery model for Chetwynd. In regards to new physicians we expect to hear positive results from their efforts in the very near future."

A man and his wife were going for a stroll one night when they spotted what was obviously a blind man taking a walk on the other side of the street with his seeing eye dog.

They continued strolling for a few minutes longer when they heard the man let out a loud yelp. The dog had walked him right into a parked car and he had clearly banged his shin pretty hard. Rushing over to help, they were surprised to see the man reach into his pocket and pull out a treat for the dog.

"Isn't that weird?" whispered the wife, "giving him a treat even when he's mad."

"Why are you giving him a treat?" questioned the husband.

"I AIN'T GIVING HIM A TREAT!" said the enraged man, "I'M JUST TRYING TO FIND OUT WHERE HIS HEAD IS, SO I CAN GIVE HIM A SHARP KICK IN THE BEHIND!"

HOW TO TRAIN YOUR DRAGON 2

MEET THE MAYOR

April 1, 2015

To be or not to be; to do or not to do? These are questions that precede discussions and decisions of the greatest import, discussions and decisions that affect the bottom line of Chetwynd's accounting records; discussions and decisions that lead up to the construction of a new clinic or city hall or to funding for any number of events that contribute to the good life we enjoy here. These are questions that Council asks every happy day. They are not taken lightly.

Should Council be what Council was elected to be – the representatives of the people of Chetwynd? Should Council continue to be responsible with the funds the local government receives in taxes, fees, and grants? Or should Council depend on the adrenalin of delegations or call for a public vote on every issue?

Would you be happy if Council were unduly influenced by delegations of citizens with special interests? Or should Council receive the delegation recognizing that Council is, by virtue of being elected, the visible expression and moral image of public opinion in Chetwynd for this term?

I don't want you to infer that Council is unwilling to listen to public representations or that we do not welcome delegations of special interest. Council is willing to listen; we do welcome delegations and will weigh carefully the information they present. But Council has an obligation to the electorate to place all information within the big picture of Chetwynd as seen by Council. (It is true, however, that a well-crafted and well-presented delegation may serve to alter the picture. It has happened before and it could happen again.)

There has been a bit of agitation in recent weeks about Council's position on funding the exciting and fantastic annual chainsaw sculpturing event (some of you are aware of this; some are not). This is one of the events that sets Chetwynd apart from other communities and gives us a place in the world that other communities would love to have. Kudos to the organizers, sponsors, and volunteers.

The District of Chetwynd Council has committed 40,000 of your tax dollars to this event for 2015 (well, guess what; this is about \$40 per every tax-paying resident of Chetwynd – more or less). Of taxation revenue this amount represents only 1.6%. As a portion of total revenues it is about 0.8%. As a Council, we think \$40,000 is a significant chunk of your change, for all of which we could find other uses. And the chainsaw sculpturing event is important to the image Chetwynd is carving of itself. We would be loath to see it abandoned.

But this is not the whole story. It must cost \$60,000 to \$80,000 per year to maintain the sculptures when the chainsaws are silent and the sculptors have gone home with the prizes.

Council is committed to working out a master plan to address not only financial support for the event but also a rational approach to dealing with the product.

Everyone Welcome!

HOMETOWN GIRLS CAPTURE THE 2014/2015 FEMALE MIDGET AAA CHAMPIONSHIP

Hometown girls Hunter Mosher, Marissa Nichol and Casey Norris participated in some nail biting action in Prince George Mar 14/15 weekend. Playing for the Prince George Northern Female Cougars, they were able to capture the 2014/2015 Female Midget AAA Championship in a best of three series playoff on home ice over the Fraser Valley Phantom. It took over fourteen periods of ice through three games to determine a winner even though the Cougars broke their regular season scoring record this year with both forwards Marissa and Hunter being amongst the top four scorers for the team.

Game one Saturday morning was a hard fought back and forth battle that saw play at both ends of the ice. Maddy Fellstrom scored halfway through the first period to make it a 1-0 lead for the Cougars. Penalties and power play opportunities dominated the second period but excellent net minding by both goalies made for no goals in the second period. Midway through the third, the Phantoms managed to squeeze one by the Cougars bringing the end of the third to a 1-1 tie. The first overtime ended with no scores and goal tending from both teams were phenomenal. The game winning goal came at 12:41 in the second overtime leaving, Cougars down by one game.

Game two Saturday evening saw fast paced and exciting end to end action. Sensational goal tending once again sent this game into a triple overtime which the girls continued to battle hard although exhausted. 5:01 of the third overtime period Sage Desjardins scored to give the Cougars a 1-0 win tying the series and forcing a third and deciding game.

Game three was action packed with excellent effort from both teams but still no score was on the clock going into the third period. Finally, Jocelyn Forrest found the back of the net with assists from Hunter Mosher and Maddy Fellstrom to capture the League Championship.

The girls will go on to represent BC in the Pacific Regional Championship Easter weekend where the BC FMAAA Champion will face the Alberta AAA Female Midget Hockey League Champion in another best of three series to determine the Pacific representative at the 2015 Esso Cup (Canadian National Championship).

The Chetwynd Centre Medical Clinic would like to notify the community of Chetwynd and surrounding areas that after 16 wonderful years Dr. Anton Venter will be closing his practice and relocating from Chetwynd as of July 1, 2015

We wish him all the best in his future.

Dr. Venter would like to thank the community for everything over the past 16 years.

"I was privileged to be part of this community for so long and fortunate to make many lasting patient relationships"

We would like to reassure the community that Northern Health and the District of Chetwynd are working very hard to recruit new physicians.

Copies of patient medical records will be available for transfer. Please contact our office.

NORTHERN HEALTH AND DISTRICT OF CHETWYND COLLABORATING ON SUSTAINABLE HEALTH CARE PLANNING

Continued from front page

The new primary care clinic is being built and maintained by the District of Chetwynd, and will be staffed by Northern Health and physicians that choose to relocate to the community.

An interprofessional team will support the physicians working in the facility, which will include primary care nursing, registered nurses, mental health and addiction clinicians, and home and community care support.

"Physicians have a choice of where they wish to practice, and physicians setting up their practice in smaller communities gravitate towards primary care clinics with interdisciplinary teams," said Angela De Smit, Northern Health's chief operating officer for the northeast. "It is our goal to create the practice environment that is inviting to a physician, and in Chetwynd have been able to do so with a great partnership with the district."

There are currently four practice opportunities for physicians in Chetwynd. Northern Health has retained a full-time recruiter to help promote the practice opportunities in the northeast.

For more information on physician recruitment within the Northern Health region, visit physicians.northernhealth.ca. This website also provides stories of physicians living and practicing in the northeast, including Dr. Charles Helm and Dr. Lourens Human.

MP ZIMMER TABLES PRIVATE MEMBERS' MOTION ON THE UN FIREARMS REGIME

Bob Zimmer, Member of Parliament for Prince George-Peace River, has tabled his Private Members' Motion, M-589. The motion highlights Canada's extensive firearms safety regulations and discourages the government from adopting the United Nations resolution 55/255 concerning firearms.

M-589 states: *That, in the opinion of the House: (a) Canada already exceeds all the standards listed in United Nations resolution 55/255 concerning firearms (the resolution); (b) the regulations envisioned in the resolution would do nothing to enhance public safety, and would serve only to burden the law-abiding firearms community; and therefore, the government has already surpassed its obligations with respect to the resolution and is not required to take any further steps.*

The UN resolution includes a section on the marking of firearms, asking State Parties to have each imported firearm marked with an identification code, identifying the country of import. This would mean that all firearms imported into Canada would have to be marked with 'Canada' or 'CA', creating a huge cost to the law-abiding firearms community.

"Canada's common sense firearms regulations are already extensive and exceed what the United Nations is asking in this resolution," said Mr. Zimmer. "We have our own Canadian approach, and I have serious concerns with adding yet another layer of unnecessary red tape for our law-abiding firearms community."

Current Canadian laws already require that all firearms be uniquely identified, including bearing a permanently marked serial number or unique firearms identification number.

"Adding yet another marking on a firearm will do nothing for public safety," said Mr. Zimmer. "If implemented, this marking regime would only drive up the costs for law-abiding firearms owners, or drive down the gun market, affecting small business owners throughout Canada."

"We have already seen how the wasteful and ineffective long-gun registry did nothing to stop crime," said Mr. Zimmer. "My concern is that implementing this resolution would create a back-door registry and my intention in tabling this motion is to ensure that any door that could re-open the long-gun registry remains firmly closed."
