## 26 residents of Old Fort gather belongings, winterize homes

26 residents successfully re-entered Old Fort yesterday to gather their belongings and winterize their homes.

In a statement on their website, the Peace River Regional District says the residents spent two hours on the tasks and had help from R&R Rentals staff transporting items to the boat. The PRRD plans on ferrying more residents to Old Fort today and tomorrow provided the geotechnical engineer says it's still safe to do so.

On Sunday evening, the PRRD said they were issuing Temporary Access Permits to residents who live in the eastern-most and western-most parts of Old Fort. They are asking residents who live outside the access zone to apply for access permits so that they can process them ahead of time if their zone becomes accessible over the coming days. For more information, visit [www.prrd.bc.ca](http://www.prrd.bc.ca).

## Two Men Seriously Injured in Explosion near Chetwynd

At 10:00 am on October 14, 2018, two men were seriously injured from an explosion when they entered a pump house at 6549 Wildmare Subdivision about 8 km from the District of Chetwynd.

The two men have been flown to the Vancouver Burn Unit and the scene is under investigation by Work Safe BC.

The blast did not result in an extensive fire. This is not a criminal investigation and the entry of gas into the pump house from a nearby well is being considered.

Police assisted in securing the scene and BC Ambulance paramedics promptly transported the two victims to the hospital. Work Safe investigators attended promptly.

A friend of the family of the two men has set up a GoFundMe page to raise money for the family. For more information and to donate, visit <https://www.gofundme.com/devon-and-benton-widdicombe>

Although bobbing for apples has become a popular game that kids and adults play at Halloween, it actually started as a British courting ritual. Every male was assigned an apple and then the young eligible ladies would bob for them, hoping to grab the apple of their beloved.

## Raw food diets: six rules for a healthy pet

Want to start including raw meat in your cat or dog's diet, but aren't sure where to start? In order to safely make the transition, there are certain health precautions you'll need to take.

To ensure that your four-legged friend gets all the benefits of a natural raw diet and remains in good health, follow these recommendations to the letter:

1. Always thaw portions of meat in the fridge the day before serving them. Never heat frozen meat in the microwave.
2. Take the thawed meat out of the fridge and let it sit at room temperature for around five minutes before serving so that it's not too cold.
3. To prevent the spread of bacteria, never leave raw meat at room temperature for more than 15 minutes.
4. Refrigerate any leftover meat, but throw it out if your pet doesn't eat it at the next meal.
5. Thoroughly clean all surfaces that come in contact with raw meat including countertops, utensils and food bowls.
6. Wash your hands immediately after handling raw meat.

Finally, to ensure a smooth, healthy transition to a raw food diet for your pet, don't hesitate to ask your vet for advice.

Did you know?

In addition to having numerous benefits for your pet's overall health (e.g. cleaner teeth, shinier fur, better digestion), a raw food diet can also help reduce allergy symptoms.

# Winter Parking on District Roads Information Everyone Should Know

The Streets and Traffic Regulation Bylaw # 909, 2009 section 5.13: Obstruction of Motor Vehicles  
No vehicle shall be left standing or parked:

(i) in violation of this bylaw;  
(ii) in a position that causes it to interfere with firefighting;  
(iii) in a position that causes it to interfere with the normal flow of traffic on a highway; or

(iv) in a position that causes it to interfere with the construction, improvement, maintenance, alterations, extension, widening, marking, or repair of or snow removal from a highway.

Winter is almost upon us and with it comes heavy snow falls. The District of Chetwynd is committed to keeping all our roads safe for all citizens and therefore any vehicles parked in a manner that interferes with effective snow removal will be removed without notice.

A full list of the District of Chetwynd Bylaws can be found on our website at [www.gochetwynd.com](http://www.gochetwynd.com) under the heading Municipal Office/Bylaws and follow the link. For further information regarding this or other Bylaw related questions please call

## Meet Your Local Election Candidate

### Allen Courtoreille

**A LITTLE ABOUT ALLEN**  
I've been a board of director/President of the Friendship Centre for 11 years in the past. Sat on the minor hockey committee and also coached. President of the Moberly Lake & District Golf Course. Ran the Men's Club at both golf courses at different times. Natural Springs and Moberly Lake respectfully. Worked at Canfor for 41 years. Ran the saw filing

room for 21 years. Managed a schedule for 7 employees. Maintained an inventory of 1000 saws or more, saws for different applications and dimensions.

#### What I cherish about my home town/community?

A family orientated place to raise kids, where they have choices to play sports, hunt, work and to get an education.

#### What makes me an ideal Candidate?

I am driven to get the task done. If I CAN'T do the job, I will find the right person or organization with the best resources to get the task DONE. Include all our staff and council pertinent to the task. Inclusion is good for our community. Delegating tasks includes more than just ones self. INCLUSION! Makes an Ideal candidate. Lets get involved!

#### What a Sustainable Future looks like?

I believe in the sustainable future as being a new housing market. Chetwynd needs this. A community moving forward must have a good base to set roots in. Chetwynd as I see it today needs an identity make over, who are we, what are we, where are we heading. Where is the centre of town I ask? Sustainability comes with pride of what we can do not can't do!

#### What are the most important challenge's facing our community?

Extended senior living accommodations. Seniors should have a choice of being close to there family/condo for example. Some have the ability to be on there own but do not have the ability to maintain a 2 or 3 bedroom home. The other challenge is the family doctor we don't have. I once had a family doctor for many years and today I see many different doctors when I visit the Clinic. I know its not the Doctor's fault, the systems in my opinion need to see a good medical practitioner.

A need to fill the empty office space or store front property with some company/person that will give Chetwynd a chance to succeed. If council and chamber of commerce can help it should be looked at in a very seriously manner!

### Cannabis Control and Licensing Act (CCLA)

The [Cannabis Control and Licensing Act](#) is guided by the Province's priorities of protecting children and youth, promoting health and safety, keeping the criminal element out of cannabis, keeping B.C. roads safe, and supporting economic development.

The Act:

- Sets 19 as the provincial minimum age to purchase sell or consume cannabis;
- Allows adults to possess up to 30 grams of cannabis in a public place;
- Prohibits cannabis smoking and vaping everywhere tobacco smoking and vaping are prohibited, as well as at playgrounds, sports fields, skate parks, and other places where children commonly gather;
- Prohibits the use of cannabis on school properties and in vehicles;
- Authorizes adults to grow up to four cannabis plants per household, but the plants must not be visible from public spaces off the property, and home cultivation will be banned in homes used as day-cares;
- Establishes a cannabis retail licensing regime similar to the current licensing regime for liquor;
- Provides enforcement authority to deal with illegal sales;
- Creates a number of provincial cannabis offences which may result in a fine ranging from \$2,000 to \$100,000, imprisonment of three to 12 months, or both; and
- Where necessary, to comply with Charter Rights and human rights law, exemptions will provide to individuals who are federally authorized to purchase, possess and consume medical cannabis.
