## CHETWYND COUNCIL SEEKS TO HAVE DERELICT BUILDINGS DEMOLISHED

The District of Chetwynd held its second regular Council Meeting of the summer on August 10th at the Chetwynd Recreation Centre with Councillor Deck absent.

Spectra Energy did a presentation on the proposed High Pine Pipeline Expansion Project. The new project is designed to meet increased customer demand for natural gas by adding two new 42" pipeline systems and a compressor at the Sunset Creek Station. The work is planned for 2016 with February or March being the scheduled start month and ending around October. The work will be done by using a local contractor from Fort St. John, although Mayor Nichols suggested that they hire some people from Chetwynd to help with construction.

Julia Nelson and Brenda Maisey of the Chetwynd Community Arts Council spoke to the District about the Arts Council's annual grant of \$4,000. The two outlined the many projects including the Harvest Fest and activities which include children, seniors and first nation groups, with council granting their funding request.

Next on the list was a discussion about the unsafe abandoned structures at two locations. The Mayor and Council have agreed to serve notice on the owners that the properties must be demolished within a specific period of time.

## OPEN BURNING BAN RESCINDED IN THE PEACE REGION

As of noon August 11, the open burning ban that's been in place in the Prince George Fire Centre has been lifted. A release from the BC Wildlife Services states that cooler temperatures and rain in the area has lowered the risk of fires.

The release also notes that while the ban will be lifted, burning must be done safely. The Province recommends the following steps in doing so:

- Ensure that enough people, water and tools are on hand to control the fire and prevent it from escaping.
- Do not burn during windy conditions. Weather conditions can change quickly and the wind may carry embers to other combustible material and start new fires.
- Create a fireguard at least one metre around the planned fire site by clearing away twigs, grass, leaves and other combustible material.
- Never leave a fire unattended.

- Make sure that the fire is completely extinguished and the ashes are cold to the touch before leaving the area for any length of time.

## Try the SRIRACHA TEEN BURGERS

with fire-roasted red peppers

Chetwynd Location Only

We take a seasoned patty made of 100% pure beef - raised without the use of hormones or steroids - and load it with your favorite Teen Burger fixin's. Then, we top it off with sriracha mayo and fire-roasted red peppers for an extra little kick. At just \$5 for a Teen and \$6 for a Double Teen, a deal this hot won't last forever.

Wanted: Looking for everything to set up a house: furniture, bedding, etc. For cheap or free.

## DAWSON CREEK RCMP

Dawson Creek RCMP responded to 171 calls for service during the fall fair week. The event was well managed by the staff at the fair grounds and police are appreciative of the hard work by the staff and volunteers at the grounds. Included in the calls for service during the week were 18 driving complaints, 5 break and enters, 9 thefts and 8 impaired driving investigations.

On August 3rd, 2015, Dawson Creek RCMP responded to a complaint of theft of boat and trailer. A maroon 1998 Glastron Lake/Ski boat and trailer were stolen from the 8400 block of 19A street in Dawson Creek. The boat has a 150 horse Johnson outboard motor and the trailer is a white EZ loader boat trailer. Police are asking anyone who may have seen this boat or trailer to contact police or crimestoppers.

On August 7th 2015, Dawson Creek Traffic Services attempted to stop a pickup truck on Adams Road. The truck fled at a high rate of speed into the rural area. Police were able to locate the vehicle a short time later and after the successful deployment of spike belts the vehicle was disabled. A 31 year old Alberta male was taken into custody and charged with Flight from police, dangerous operation of a motor vehicle, drive while ability impaired and failing to provide a breath sample.

On August 8th 2015, Dawson Creek RCMP members located a stolen vehicle on 8th Street in Dawson Creek. Three persons inside the vehicle were taken into custody while the driver was located nearby in a back yard. All four were arrested for possession of stolen property. The 33 year old male driver advised police that prior to arrest he had ingested a significant quantity of cocaine and methamphetamine. The male was immediately taken to Dawson Creek hospital and subsequently transported from there to Grande Prairie Hospital. The male had multiple outstanding warrants out of Alberta and was known to Alberta police.

*Sgt. E. REININK,  
Dawson Creek RCMP*

# MEET THE MAYOR

August 14, 2015

I have this flippant little saying that I have used from time to time for as long as I can remember – not really that long in geologic terms, but long enough that some of you likely will have heard it before. It goes like this (and I think we all need to internalize it): If you can't get it in Chetwynd, you don't need it very badly. Well, realistically, I know it's not entirely true. But I like the sentiment. Chetwynd should be our primary source of goods and services.

“But,” you say (and you're absolutely right), “Chetwynd is a bit short on some of the goods and services outlets.”

I will discuss a few that jump readily to mind: an auto dealership. One sales agent who was here a few weeks ago with that car display and sales blitz was astonished that a community of this size did not already have a resident dealership. So am I. Any takers out there? Land is cheap by Vancouver standards – and even by Prince George standards. The first entrepreneur to set up a dealership will get her pick of the prime sites.

Chetwynd could well handle a law office specializing in general law services. Why should we have to drive to our neighbours to get a signature or transfer a deed? Not that we don't like our neighbours, we just like to save on gas – and time. While there we likely also eat, perhaps buy groceries or meds, and maybe visit a building supply store. You get the picture, don't you? It's great for our neighbours – not that we don't like our neighbours, mind you; they're really quite nice.

Which makes us think: another pharmacy? Closer competition? Just walk across the street instead of spending 50 bucks and two hours to visit the neighbours.

How about a clothing store specializing in work and casual wear? 100 Mile has such a store that would suit our needs beautifully. Chetwynd would welcome you and support you if you actually quit talking and act.

Notary Public? Anyone?

And prices? I've heard many words about prices in Chetwynd. The fact of the matter is this: volume buying usually results in lower prices. (Being closely associated with a retailer for 18 years, I had a clear view of how prices are set. Some merchants in you know where can sell lower than we can buy wholesale. Business is business!) Our merchants are not out to gouge you. Most of them are bending over sideways (that's where the pain is) to give you a fair deal. The more of us who resist the temptation to take a long ride to spend our money, the more of us will be buying locally and supporting local merchants with the result that sales volume will increase and prices can be lowered. It takes time and commitment but, in the end, and maybe even before the end, we all benefit.

Now you share a few ideas.

Merlin Nichols, Mayor

## TRIVIA

- ~ A dime has 118 ridges around the edge.
- ~ A cat has 32 muscles in each ear.
- ~ A crocodile cannot stick out its tongue.
- ~ A dragonfly has a life span of 24 hours.
- ~ A goldfish has a memory span of three seconds.
- ~ A "jiffy" is an actual unit of time; it measures 1/100th of a second.
- ~ A snail can sleep for three years.
- ~ Almonds are a member of the peach family.
