CHAMBER OF COMMERCE LUNCHEON

The Chetwynd Chamber of Commerce Luncheon took place today. The meeting was to discuss the Site C Energy Project, which aims to meet future electricity demands in BC.

The first speaker was Dave Conway, Community Relations for the Site C Project for BC Hydro. His presentation highlighted the progress of construction of the dam, which is currently on time and on budget. The dam being built is 60 meters high and water will come up to 50 meters in order to create a thin reservoir that will go back to the Peace Canyon Dam. This dam will have 2-3 days of water supply without new water coming into the reservoir.

Also discussed was the impact to Highway 29. There are 6 sections of the highway, between Bear Flat and Lynch Creek, that need to be realigned, due to either flooding or erosion.

The construction of Site C is expected to have a large economic impact, with \$40 million in tax revenues to the local government, \$179 million in tax revenues to the provincial government, and \$270 million to the federal government.

The second speaker was Amber Harding, Communications and Stakeholder Relationships Professional for Peace River Hydro Partners. She highlighted the procurement procedures for this project and how this project can increase opportunities for local businesses. She also stressed the importance of hiring locally for this project.

Anyone who would like more information on the project can visit stieproject.com or send an email to sitec@bchydro.com.

DoubleCHEESE DoubleBACON BURGERS

 And double napkins, probably. PAPA MAMA GRANDPA

How do you top a burger that's made with 100% pure beef raised without the use of hormones or steroids? Generously, that's how. Like with a double helping of cheese and naturally smoked bacon. Because when you've made Canada's best tasting burger, there's nowhere to go but up.

BC TRIVIA

BREAKING POLITICAL BARRIERS

Canada's first First Nations person, and only the second aboriginal person after

Louis Riel, to be elected to a Canadian legislature was Frank Arthur Calder. Born in 1915 at Nass Harbour in northwestern BC, Calder is a member of the Nisga's and was the first aboriginal person to graduate from the University of British Columbia.

In 1949, he was elected MLA for the riding of Atlin

and served off and on for 26 years. In 1972, he became Canada's first aboriginal cabinet minister but was dismissed the following year for disagreeing with NDP policy. He joined the Social Credit Party and was re-elected in 1975. His name is widely known because of the controversial Calder Case, which led to a landmark 1973 Supreme Court decision that dealt with Nisga's land claims. He was named an officer of the Order of Canada in 1988.

MONSTER TRUCK

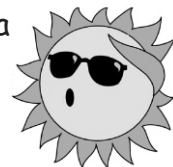

After eight separate railway cars delivered it in pieces in 1978, the giant Terex Titan was assembled in the Rocky Mountain town of Sparwood to work in the local coalmines. Twenty metres long, eight metres wide and seven metres tall, the monster truck's maximum load was 350 tonnes, and its box was big enough to hold two Greyhound buses.

Currently on display outside the Sparwood Chamber of Commerce along Highway 3, it was retired in 1990 after becoming too expensive to operate.

There is a heated rivalry between the Interior towns of Lytton and Lillooet over which is the hottest place in Canada.

Both lay claim to a record high of 44.4 C on July 16, 1941.

CAPRICORN (Dec 22.- Jan. 20) Resist any idle chatter. Help if you can, but more than likely it will be sufficient just to listen. AQUARIUS (Jan. 21 -Feb. 19) Someone envious of your popularity may challenge you to a debate. Children may cause limitations. If you're already in a relationship, use this added energy passionately. You need to control your temper and deal with the situation rationally. Your lucky day this week will be Saturday.

PISCES (Feb. 20-Mar. 20) You have two choices; Get out on your own, or bend to your mate's whims. Involvement in financial schemes will be followed by losses. You will feel the limitations if you have been overdoing it. Avoid lending or borrowing. Your lucky day this week will be Saturday.

BC TRIVIA

Known as the Spirit of Lekwammen (Land of the Winds), this 55 metre tall totem pole, carved from a single ancient cedar, was raised as part of the opening ceremonies of the 1994 Commonwealth Games held in Victoria. Alas, safety concerns were soon also raised, and fears that an airplane might eventually crash into it led to the pole being downsized to a 12 metre high mere shadow of its former self. Only slightly shorter than the original Spirit of Lekwammen, at 53 metres, the tallest totem still standing can be found on Alert Bay at the northern end of Vancouver Island. Made of two trees rather than just one, it was carved by six Kwakwaka'wakw artists to represent various tribes of their nation.

MODERN CAMPING TRIPS:

THERE'S SOMETHING FOR EVERYONE

What comes to mind when you hear the word "camping"? A blissful tenting experience in the middle of nowhere? A relaxed family trip spent in a cozy but cramped camper, or a nightmarish vision of being devoured by bloodthirsty mosquitoes? However you picture camping in your mind's eye, know that the activity has evolved radically over the years and now offers something for everyone. Yes, everyone!

Today's options go well beyond traditional camper and tent campsites. Want some examples? Yurts, tree houses, tepees, cottages, luxury trailers, cabins and ready-to-camp sites are just a few of the camping options available for the modern camper. What's more, you get to choose between solitude and friendly neighbours; dense forests and lush fields; a lake in the middle of nowhere and all the services you could ever desire (pool, tennis courts, bike and boat rental, laundromat, snack bar, etc.). What's not to like? So, what's your heart's desire? To get back to basics and commune with nature, or to enjoy the great outdoors without sacrificing comfort? Whatever your preference, you'll find a nature stay to satisfy your tastes. Between the most rustic camping (without services) and glamping (luxury camping) with all the comforts of home (wood floors, cozy beds, espresso machine and toaster), there is something for everyone. Do a little research, and you'll be enjoying a memorable camping vacation that completely suits your unique tastes before you know it!

WORLD'S LONGEST SUSPENSION BRIDGE

Located 70 metres above the Capilano River in North Vancouver, the wobbly Capilano Suspension Bridge is the Lower Mainland's oldest attraction and it's second most popular after the Vancouver Aquarium. The 137 metre long bridge was first built with hemp rope and cedar planks by Scottish civil engineer George Grant Mackay in 1888. Natives called it the "laughing bridge" because of the noise it made when the wind blew through the canyon. After Mackay's death, the sketchy structure was replaced by a wire cable bridge in 1903. Around 750,000 people inch their way across the bridge each year. In the past, visitors have included celebrities such as Mick Jagger, Marilyn Monroe and Margaret Thatcher.

MAKE THE MOST OF SUMMER IN YOUR OWN BACKYARD

Isn't it great to kick back at home? In truth, you don't have to look beyond your own backyard to have the time of your life this summer!

The pleasures of outdoor living

This summer, embrace the outdoor lifestyle! With a bit of planning, your deck can become an extension of your home. Goodbye, splintery picnic table — hello, fully equipped kitchen! Workstations, drawers, fridge, sink and other accessories team up with your barbecue to afford you all the comforts of home outdoors in the glorious sunshine.

And that's not all! You could also set up an outdoor bar or home theatre, or install a heating system to stretch the good times well into the cool evenings of fall. And don't forget custom lighting to

create the perfect atmosphere for every occasion, be it a barbecue with friends or a romantic dinner.

The joys of making a splash

Can you think of a better way to get through a heat wave, enjoy time with friends or stay in shape this summer than with a pool? Or maybe you'd rather relax in a hot tub with your favourite beverage in hand? You could even go all out and get the best of both worlds with a swim spa! Let's face it — it's hard to beat the fun factor of a pool or hot tub. Now's the time to go all in on summer in your own backyard!

BC TRIVIA - WORLD'S BIGGEST BURL

Burls, knotty warts that develop when extra cells grow on a tree, are usually used for making things such as table tops or clocks. Unless, like the one carved from a giant Sitka spruce near Holberg on Northern Vancouver Island in 2005, they are too big for anything but being put on display. The burl, which is 6 metres tall, 6 metres wide and weighs an estimated 30 tonnes can be found at a waterfront park in downtown Port McNeill.
