## MINISTER'S STATEMENT ON WILDFIRES

Mike Farnworth, Minister of Public Safety and Solicitor General, has issued the following statement on the current wildfire situation in British Columbia:

"The frequency of wildfire threats our communities are facing is increasing. Fire seasons are starting earlier, lasting longer and the intensity of these fires can be extremely challenging for our crews.

"I want to assure British Columbians that we are deploying all necessary and available personnel and equipment to respond to wildfires across the province. The federal government and the Canadian Interagency Forest Fire Centre are providing firefighting personnel, aircraft support and other assets.

"The Province will continue to do everything possible to protect communities from wildfires and help evacuate British Columbians where necessary. Last night, the Canadian Forces helped evacuate some residents using their aircraft, and we are very grateful for that assistance. In many parts of the province, especially the Interior, hot and dry conditions are forecast to persist for the foreseeable future. I know tensions for many are high, given the widespread, damaging fire seasons of recent years. And I know many are seeking ways to lend their support.

"If you are in a community that is under an evacuation alert, or in any community that may be threatened by wildfires this summer, there's a lot you can do to prepare your family before an evacuation. If you don't have an evacuation plan, now is the time to make one. There are a host of guides and supports available on the PreparedBC and Emergency Info BC websites.

"You can also ensure you are following FireSmart principles to keep your property as safe as possible. Trim your trees, cut the grass, clear your gutters – do everything you can to make it more difficult for fire to spread through your property or neighbourhood. You're not only protecting your community; you're also aiding the firefighters who may be called on to protect it. For those who have done the work and prepared your property, help your neighbours. We need to work together. And make sure you do your homework before travelling through B.C. Make sure your destination and your travel route is safe, and that your travel or presence is not worsening the situation.

"Lastly, and most important, do not undertake any activities that may result in a wildfire. In these conditions, a fire can burn through a community area in a matter of minutes.

"I know that British Columbians are resilient and we will see the other side of this fire season. Take care and stay safe."

My 35-year-old son and I had just finished our meal when I realized I'd left my wallet in my truck. As I headed out the door, I told the waitress what had happened. "But don't worry," I said with a grin. "I'm leaving my son for collateral." She looked at him. He winked at her. She turned back to me. "What else you got?"

**Did You Know?** **YOU CAN SURVIVE IN SPACE WITHOUT A SUIT?**

Well, only for about 15 seconds. It takes that long for humans to lose consciousness in space due to lack of oxygen to the brain. In 1965, a technician was inside a vacuum chamber and accidentally depressurized his suit. After 12 to 15 seconds he lost consciousness, but his suit was repressurized at 27 seconds. According to Scientific American, the man recalled "the moisture on his tongue beginning to boil as well as a loss of taste sensation that lingered for four days following the accident."

I was waiting at a small train station when a man put up a sign regarding my train: "30-Minute Delay."  
"What happened?" I asked. "The train went off the rails," he said. "How long will that take to fix?"  
"Quite a few hours." "So why put up a sign saying it would take 30 minutes?"  
"It's the only sign we have."

## Norman Edgar Moorhouse

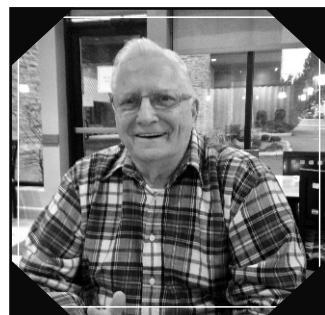

It is with heavy hearts we announce the passing of Norman Edgar Moorhouse in Vernon, BC June 9, 2021.

Norman was born in Ponteix SK on July 20, 1933 to parents Darrell & Vivian. When he was seven years old, he moved to Fort Langley, BC to be raised by his aunt Ivie and uncle Jack Styles. In his younger years he raised border collies and worked at Cloverdale Paint. He then moved to Powell River where he worked at the mill and met his wife Shirley. Norm then moved back to the coast and started a family. He settled in the Cloverdale area on a hobby farm which he loved. He had good friends in Chetwynd, BC and decided to start a new chapter of his life. It was there he got a job at West Fraser Mill (where he stayed until he retired), was an Alderman for the town and opened up his campground (The Wild Mare), which he was very proud of. In 2012, he moved to Vernon, BC to be closer to his family. Dad will always be remembered for his love of making people laugh. He was such a jokester and we will miss his comical ways.

Norman is predeceased by his parents Darrell and Vivian; sister Mildred; brothers Meryl, Mervin, Nathan, Derwood and Richard; extended family Sheila Gerstel and Joanne Roberts. Left with memories are daughter Margo; son Terry (Kelly); Shirley; grandchildren Sarah, Andy, Paull, Quinn; great-grandchildren Linden and Erican; extended family the Gerstel family and many friends.

Have a great day, my friend! Love you!

I'm a nurse in a hospital's children's ward. One night, I was at the nurses' station when I heard a little boy in his room talking. He kept the patter up for some time. Finally, I got on the intercom and said softly but firmly, "All right, Johnny, it's time to go to sleep now." There was quiet in the room, and then he said, "OK, God, I will." I didn't hear a peep from him until morning.

A few of us were discussing the perils of drinking and driving when my five-year-old granddaughter threw in her two cents. "I can see why it would be dangerous to drink and drive," she said. "The straw could go up your nose."
