MP ZIMMER TOURS COMMUNITIES AFFECTED BY SEVERE STORM

MP Zimmer surveys the damage to Ernie Wiebe's grain bins

FORT ST. JOHN – Bob Zimmer, Member of Parliament for Prince George-Peace River-Northern Rockies, toured the communities of Blueberry River First Nations, Altona, Buick, and Prespatou July 6 to survey the damage left by the severe storm on June 30 and to speak with residents who have been affected.

"The level of destruction was incredible. I hadn't expected the scale of the damage until I saw it firsthand," said Mr. Zimmer. "At one point we saw a pathway the storm had taken through the trees as if a bulldozer had driven through it."

Residents showed Mr. Zimmer the damage that had been done to their properties, including grain bins that have been tipped over or torn from foundation, new home construction that has been destroyed, and buildings blown over with farm equipment inside. There was also extensive tree damage in the area and you could clearly see the storm's trail of destruction. "These communities have shown incredible resolve and it was great to see neighbours coming together to help one another through this difficult time," said Mr. Zimmer. "Special thanks to Ernie Wiebe who took us around to many of the individuals affected."

"There is a lot of work that still needs to be done," Mr. Zimmer continued. "The storm may have passed but its effects will remain for a while. My office is here to help where we can. Please feel free to reach out to us at any time." If you are a resident that has been affected by the storm and needs assistance, please contact 250-787-1192 or email Bob.Zimmer.C1A@parl.gc.ca.

If the pun is the lowest form of wit, then it is the foundation of wit.

THE LIGHTER PROFESSIONAL COMPETITIVE EATERS ARE, THE BETTER?

You'd think that the bigger the stomach, the more hot dogs would be able to fit, right? Not quite. Popular Science expanded on the theory that lighter contestants can out-eat their heavier competitors. The reasoning behind this is that a skinny person has room for their stomach to expand without being blocked by a ring of fat.

PROVINCE SEEKS PUBLIC FEEDBACK TO UPDATE COURT OF APPEAL RULES

British Columbians are invited to provide their thoughts on proposed amendments to the Court of Appeal rules and civil forms, as the Province works to streamline court processes and improve access to justice.

The proposed amendments include updating the rules to give further clarity on the Court of Appeal Act. The language will also be updated to align with the act and simplified to make instructions and procedures easier to follow.

At the same time, the Province is also looking to redesign the forms that are used during the Court of Appeal process to make them easier to complete. This includes preparing the forms for future electronic filing options.

These proposed changes will help to make the process of filing an appeal easier to understand and more efficient for lawyers and people who are self-represented. The consultation will run until Friday, Aug. 6, 2021, at 4 p.m.

To read the white paper and provide input, visit:

<https://engage.gov.bc.ca/govtogetherbc/consultation/amendments-to-the-court-of-appeal-rules/>

WEST MOBERLY FIRST NATIONS, PEACE RIVER REGIONAL DISTRICT MOU OUTLINES COOPERATION, GOOD FAITH APPROACH TO COMMON ISSUES

A newly signed Memorandum of Understanding (MOU) between West Moberly First Nations and the Peace River Regional District (PRRD) Board lays out how they will work together on common issues and communication processes in a spirit of cooperation, trust and respect.

"We are excited about entering into an MOU with the PRRD. We have been neighbours with each other for a long time," says Chief Roland Willson of West Moberly First Nations. "We share many concerns, ideas and have similar wants and needs, so a MOU seems the next logical step moving forward."

"We have many areas of common interest, including the environment, cultural interests, commercial and economic development, along with shared services," says PRRD Board Chair Brad Sperling.

"While we have worked together cooperatively for many years, the MOU really sets out how we will continue to collaborate for the benefit of both parties and all who live within the Peace River Regional District. On behalf of the Regional District Board, I am proud and excited to continue to work together, and now as we move forward we will do so under this MOU with West Moberly First Nations."

The MOU sets the purpose of meetings: to facilitate understanding of each signatory's roles and obligations regarding local issues and to develop an understanding regarding potential impacts that may result from each signatory's activities. The MOU does not diminish the rights of either signatory, including the West Moberly First Nations' Aboriginal rights and title as protected under the Constitution Act of 1982. The MOU notes that the signatories agree to a need for cooperation, trust and respect.

Industrial Bus Driver **Standard BUS** BRITISH COLUMBIA

Location: Chetwynd, BC
Full-time position – \$25.50 per hour!

The interested candidate may send a complete resume to Jenn R., jenniferro@pwt.ca, 780-449-7119 ext. 172, or call 1-844-798-5627

We Uber drivers never know whom we're going to end up with as a passenger.

One day, I was driving over a new bridge, the design of which was very confusing. Completely

confounded, I muttered, "I'd love to meet the genius who designed this mess." With that, my passenger extended his hand in my direction and said, "Well, today is your lucky day. My name is Mike, I work for the county engineer's office, and I'm the genius who designed this!" Surprisingly, he still gave me a tip.

When I was a proofreader, I shared with my coworkers this example to illustrate how writing can skew based on gender: A professor wrote on the blackboard, "Woman without her man is nothing." The students were then instructed to insert the proper punctuation. The men wrote, "Woman, without her man, is nothing." The women wrote, "Woman! Without her, man is nothing."

The best portraits are perhaps those in which there is a slight mixture of caricature; and we are not certain that the best histories are not those in which a little of the exaggeration of fictitious narrative is judiciously employed. Something is lost in accuracy; but much is gained in effect. The fainter lines are neglected; but the great characteristic features are imprinted on the mind forever.
