TOUGHER OFF-ROAD VEHICLE RULES AND NEW FINES TO REDUCE WILDFIRE RISKS

Effective immediately, the British Columbia government has increased some wildfire-related penalties up to \$100,000, to assist with fire prevention and discourage irresponsible off-road vehicle use, Doug Donaldson, Minister of Forests, Lands, Natural Resource Operations and Rural Development, announced.

"These changes reflect the tougher stand that our government is taking to eliminate unnecessary wildfire risks, encourage compliance, protect communities from harm and help keep British Columbians safe," said Donaldson.

Spark arrestors required for off-road vehicles (ORVs):

All off-road vehicles are now required to have a spark arrestor installed to reduce wildfire risks when operating on Crown land. A spark arrestor is a small screen or other device that is installed in an exhaust system to stop sparks or other exhaust residue from exiting the tailpipe.

Many new models of ORVs already have a spark arrestor. Owners of older models that do not have spark arrestors will need to get them installed if they wish to operate the ORV on Crown land.

A contravention could result in a violation ticket fine of \$460 or an administrative monetary penalty of up to \$10,000 if an ORV without a spark arrestor is operating at a time or place where there is a risk of a wildfire starting.

If a wildfire starts, the operator could receive a violation ticket fine of \$575, an administrative monetary penalty of up to \$10,000, or a court fine up to \$1,000,000 and/or up to three years in jail. The person responsible could also be ordered to pay all firefighting and associated costs.

Increased or additional fines for wildfire-related infractions:

The Wildfire Regulation has been amended to add a new administrative monetary penalty up to \$100,000 for violations related to utility transmission operations. Examples would be when a wildfire is started by a downed power line, or when vegetation near a utility line has not been adequately maintained and a tree falls on an energized line, starting a fire. Similar provisions are in place for other industrial activities, so this amendment makes the Wildfire Regulation consistent across the sector.

The Wildfire Regulation has been amended to add a new administrative monetary penalty up to \$10,000 for not complying with a stop-work order. This change will give the Province additional compliance and enforcement options to deal with people who continue to engage in a high-risk activity after a stop-work order has been issued.

The Violation Ticket Administration and Fines Regulation has been amended to increase three fines for contraventions of the Wildfire Act. The cost of a contravention will increase from \$767 to \$1,150 for: failing to comply with restricted area requirements; failing to comply with an order restricting an activity or use; and failing to comply with an order to leave a specified area.

SCORPIO (Oct. 24 - Nov. 22) Large organizations may try to talk you out of your hard-earned cash. This is a great day for a trip. Someone you least expect may not have your best interests at heart. Go with the flow and don't be concerned about your own job. Your lucky day this week will be Thursday.

SAGITTARIUS (Nov. 23 -Dec. 21) Accomplishment is yours if you direct yourself accordingly. Don't let the cat out of the bag. Accept the inevitable. Don't let an incident at work play on your mind. Your lucky day this week will be Monday.

CAPRICORN (Dec 22.- Jan. 20) Don't make a move; your confusion has caused this dilemma and you are best to back away and reassess the situation. You need more time to think this whole situation through. You may want to make changes that will not be to their liking. You should follow through on educational endeavors you have wanted to pursue for some time. Your lucky day this week will be Sunday.

AQUARIUS (Jan. 21 -Feb. 19) Don't let your mate talk you into going somewhere you'd rather not go. You will have the discipline to make changes you feel are necessary. Don't try to deal with important issues or make changes that will upset the apple cart. Put your plans into motion by presenting your intentions to those who should be able to give you financial support. Your lucky day this week will be Wednesday.

PISCES (Feb. 20-Mar. 20) This will not be the best day for communication or travel. Try not to spend too much on children or entertainment. You can make money if you put your savings into conservative investments. You will be entertained and intrigued by the logic foreigners possess. Your lucky day this week will be Tuesday.

THE NAKED TRUTH

Even the most beautiful of people
don't roll out of bed looking that
way. Take a look at some of the most
beautiful women in the world -
without makeup.

Pretty average, right?

Now let's consider what these
women can afford to do on a
regular basis...

chemical peels, laser
treatments, botox, waxing,
lash extensions, hair
extensions, the best
orthodontists, personal
trainers, personal chefs to name
a few, and that's just the base
layer.

Add to that top quality products
applied by the most expert of
makeup artists and hairstylists in the
industry.

They spend hundreds of thousands of
dollars on clothing because celebrities don't buy off the rack like we do, why would they when
they can afford the most sought after designers in the world to personalize their clothing to
accentuate their bodies perfectly.

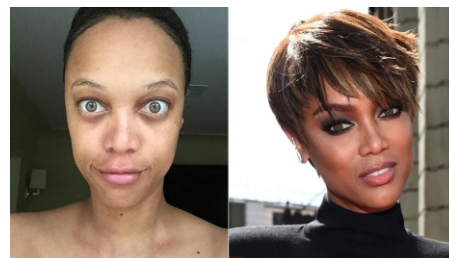

And we mustn't forget the photographers - the incredibly talented picture-takers who know
the perfect lighting, background, poses etc. Then there's the finishing touches - they're done
digitally to erase the smallest of flaws, tiny lines, extra bulge. This amazing tool can enhance
their busts, narrow their waists, lift their butts, whiten their teeth and make them slimmer and
taller.

You also want to keep in mind that being beautiful is a very big part of why they're famous. So
the incentive to workout, eat right and look their best adds up to big \$\$.

So the next time you get out of bed and look in the mirror only to criticize your every flaw and
imperfection, because you're not picture perfect like the beautiful people in the movies -
remember, they aren't either.

So is there such a thing as natural beauty, of course there is, it's in each and everyone of us.
From the one who helps the elderly person across the street to the shoulders we cry on to the
simple act of smiling at a stranger, all of these acts make us beautiful on the inside and in the
eyes of all who we touch, beautiful on the outside too.

If this brings little comfort because we live in a society obsessed with beauty, perhaps 'Father
Time' is your hero, he definitely evens the playing field.

WINDREM ELEMENTARY SAYS 'AU REVOIR' TO FRENCH IMMERSION PROGRAM

As of September, 2018, Windrem Elementary will no longer offer their French Immersion program. The program that began at Windrem over 10 years ago has seen enrollment numbers dropping consistently for the past few years.

Windrem's PAC members reached out to the community back in 2016 and 2017 in the hopes of continuing the program, at that time having over 40 students enrolled. Numbers have dropped even more since then to only 14 students this year between grades 4-7.

Recently they have been transitioning away from the program beginning with not accepting any new students. But the hopes of the students being able to continue to learn French through high school is highly doubtful at this point, as Chetwynd Secondary has not been able to hire a French teacher.

At least there is still always the opportunity for students to learn French through online courses, and hopefully we can see a French class come back to the high school in the near future.
