LIMITED TIME ONLY

ROTISSERIE-STYLE CHICKEN
 Succulent, hand torn, 100% chicken breast slow cooked to perfection.

 SUBWAY 

— Spicy —
MAMA BURGER
 Made with chipotle mayo and processed jalapeño cheese.
 We like to keep things fresh. So we've spiced up a classic (literally) with chipotle mayo and processed jalapeno cheese. It's a small change but boy, does it ever pack a punch. Try it for a limited time only.

GET OFF TO A GOOD START WITH A HEALTHY BREAKFAST

The necessity of eating a healthy breakfast to start the day off on the right foot can never be repeated often enough. If this is true for adults, you can imagine that it is even truer for children who are still growing. Children need to drink fluids to wash out metabolized wastes from the previous day and build up their energy before going to school.

Children who eat a well-balanced breakfast have better concentration all morning. They are attentive and can assimilate the curriculum more easily because they have eaten the nutritional elements their brains need to function.

However, it's not always easy to convince children to eat their breakfasts. They may reluctantly swallow a mouthful of juice and a couple of bites of bread and then say they've had enough.

A few tricks can help parents solve this problem. The night before, set the table with a colourful cloth, funny napkins, a bunch of flowers, or other things that will tempt them to sit down to the table. Set the alarm clock to go off a few minutes earlier so that children can wake up properly before sitting down. It is also important for parents to take the time to breakfast with their children. If you only rush through a cup of coffee without eating anything, your children will learn that habit. On the other hand, if you sit down for breakfast and chat with them, they will be much more motivated to empty their plates.

Try and vary the menu. Serve different types of whole-grain bread or cereals, as well as their favourite fruits, and turn breakfast into the nicest time of the day.

 The luxury of all summer's sweet sensation is to be found when one lies at length in the warm, fragrant grass, soaked with sunshine, aware of regions of blossoming clover and of a high heaven filled with the hum of innumerable bees.

HOUSEHOLD TIPS

Clean appliances and stainless steel fixtures without leaving streaks by using a cloth moistened with rubbing alcohol. Alcohol also works well on ceramic tile, Formica, windows and mirrors. It should not be used on wood or painted surfaces.

Ordinary table salt will clean up messy oven spills. Let the oven cool, then wet the spill. Sprinkle on salt, leave for a few minutes, then scrap away mess and wash the area clean.

Conuma Coal Resources is currently seeking a **Payroll Lead**. Conuma Coal Resources was founded to be a positive contributor, influence and supporter to our community. We are committed to earning security for all of our partners. And to unify resources and people in building a first-class organization with a character of true integrity. In using our endowed gifts, we aim to be a blessing.

Job Title: Payroll Lead

Primary Purpose

The Payroll Administrator is responsible for the preparation and processing of biweekly payroll for over 300 employees; review and ensure accuracy of approved timesheets; track and deduct all garnishments and other special payroll deductions.

Accountabilities

- Ensure all data files are complete for transmission to ADP.
- Investigate and resolve payroll issues with management at various operating locations.
- Create and/or run reports from payroll or time and attendance system.
- Ensure the timely processing of journal entries into the accounting system.
- Prepare reconciliations for payroll accounts.
- Prepare and submit payroll deductions and remittances on a timely basis and ensure records are up to date.
- Prepare T4's, ROE's, and various payroll reports as requested.
- Coordinate employee benefits and administration as necessary.
- Perform other duties as assigned.

Technical Skills and relevant experience

- Successful completion of Canadian Payroll Association certification preferred.
- Minimum 2 years' experience.
- Supervisory experience an asset.
- Experience with ADP and time and attendance systems
- Experience with hourly and salaried payroll.
- Accounting knowledge sufficient to perform journal entries and payroll account reconciliations.
- Ability to exercise tact and discretion in dealing with sensitive and confidential information.
- Strong computer skills particularly in the use of MS Office.
- Detail oriented and ability to work to tight timelines.
- Excellent organizational skills and the ability to multi-task.
- Strong communication and interpersonal skills and the ability to work well with employees at various levels of the organization.
- Knowledgeable of federal and provincial Payroll laws and the Employment Standards Act.

Conuma Coal provides competitive wages and benefits.

No camp facilities are available.

Please send resumes to: careers@conumacoal.com

Not all applicants will be contacted.

Conuma Coal Resources is currently seeking a **Senior Geotechnical Engineer**. Conuma Coal Resources was founded to be a positive contributor, influence and supporter to our community. We are committed to earning security for all of our partners. And to unify resources and people in building a first-class organization with a character of true integrity. In using our endowed gifts, we aim to be a blessing.

Job Title: Senior Geotechnical Engineer

Responsibilities:

- Responsible for oversight and management of geotechnical controls for three open pit coal mines and their associated infrastructure. This includes pit slopes, waste dumps, tailings impoundments, sediment ponds and access roads.
- Conduct regular inspections of pit slopes, waste dumps, sediment ponds, tailings facilities, roadways and drainages.
- Oversee construction of waste dumps, ponds, tailings facilities and drainage systems.
- Coordinate with EORs to develop best practices for management of geotechnical risk.
- Develop systems for the efficient collection, analysis and response to geotechnical data.
- Proactively liaise with Operations and Environmental teams on geotechnical hazards and mitigation strategies.
- Use predictive modelling techniques to analyze proposed pit slope and dump designs in collaboration with Mine Planning team.
- Supervise and mentor junior engineers and technicians responsible for the collection of monitoring data.
- Work in compliance with all Health and Safety rules and regulations.
- Ensure all applicable safety codes, regulations and guidelines are met by appropriate design and use of technology.

Qualifications:

- A bachelor's degree in mining or geological engineering or in a related discipline is required.
- A Professional Engineer (P.Eng) designation, registered in British Columbia or able to readily obtain such a registration, is a must.
- Career to date should show progression of responsibilities in geotechnical focused roles.

Location: Tumbler Ridge/Chetwynd, British Columbia

Schedule: Full-time Monday to Friday position

GREYHOUND TO STOP RUNNING SEVERAL ROUTES IN NORTHERN BC

Greyhound Canada has proposed discontinuing four routes in Northern BC.

The company has filed an application with the BC Passenger Transportation Board to discontinue routes from Prince George to Prince Rupert, Prince George to Valemount, Prince George to Dawson Creek, and Dawson Creek to Whitehorse.

In a statement, the company says low ridership and competition from subsidized transportation services has made their current level of services unsustainable. They also say that ridership on the routes they've proposed to discontinue have seen ridership drop by 51 per cent.

The company says they foresee no changes to services until early next year.

BEAR ENCOUNTERS DOWN IN 2017

BC conservation services say the number of human- bear interactions has decreased significantly in northern BC this year.

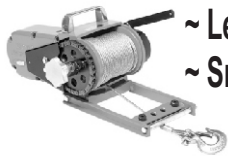

So far they have received 263 complaints, and just 12 of those lead to the need to put down the animal. Last year the COS had to put down 18 bears by August 25th.

The service believes that people are better protecting their garbage, but reminds residents that the fall season tends to have more bear encounters.

If you see a bear of any kind, you are asked to contact BC conservation services at 1-877-952 7277.
