I was trying to decide what to do for a talent show I planned to enter.

Trusting my mother to help me out, I asked, "For the show, what do you think I should do, sing or put on a comedy act?" Glancing up from her paper, she said dryly, "What's the difference?"

*It is the life of the crystal, the architect of the flake, the fire of the frost, the soul of the sunbeam. This crisp winter air is full of it.*

*Be at war with your vices, at peace with your neighbours, and let every new year find you a better man.*

## Dealing with Pain

Pain is a tool to guide us toward healing. It can be a symptom of a malfunctioning system. Mothers have been dealing with pain since sin entered paradise; their children come running with skinned knees seeking their favourite home remedy, "Kiss and make it better, Mommy!" Love works wonders on little owies.

While western culture dictates that minor discomforts deserve pain relievers at an early age, there are other perspectives. This "coddling," claims Dr. Paul Brand (a world renowned leprosy specialist in India who co-wrote *The Gift of Pain*) has created both attention deficit disorders and drug-dependency. He points out that pain pills are not available in third world countries, and that pain is not fatal, and that a leper, above all other gifts, would desire to be able to feel pain. Dr. Brand's conclusion is that we should be ignoring most pain; neither offering nor taking pain meds when discomfort arises in order to avoid bigger problems as life's burdens increase. According to Brand, people can learn to ignore pain or better cope with it through active distraction rather than becoming dependent on pain medication.

A fever burns out a virus; to kill the fever with a pain reliever may relieve aches, but may lengthen or even increase the intensity of the illness. Carefully weigh the need for comfort; youngsters are at risk of convulsing with a high rise in temperature and should be taken to hospital. Pregnant or nursing mothers must consult the ingredient list and side-effects of every remedy, whether home-grown or pharmaceutical in nature.

And don't forget about applying the scientifically proven soothing, healing power of prayer—the original home comfort!

Winter is the time for comfort, for good food and warmth, for the touch of a friendly hand and for a talk beside the fire: it is the time for home. It is no season in which to wander the world as if one were the wind blowing aimlessly along the streets without a place to rest, without food, and without time meaning anything to one, just as time means nothing to the wind.

Our destiny often looks like a fruit-tree in winter. Who would think from its pitiable aspect that those rigid boughs, those rough twigs could next spring again be green, bloom, and even bear fruit? Yet we hope it, we know it.

## Winter Parking on District Roads Information Everyone Should Know

The Streets and Traffic Regulation Bylaw # 909, 2009 section 5.13: Obstruction of Motor Vehicles  
No vehicle shall be left standing or parked:  
(i) in violation of this bylaw;  
(ii) in a position that causes it to interfere with firefighting;  
(iii) in a position that causes to interfere with the normal flow of traffic on a highway; or

(iv) in a position that causes it to interfere with the construction, improvement, maintenance, alterations, extension, widening, marking, or repair of or snow removal from a highway.

Winter is almost upon us and with it comes heavy snow falls. The District of Chetwynd is committed to keeping all our roads safe for all citizens and therefore any vehicles parked in a manner that interferes with effective snow removal will be removed without notice.

A full list of the District of Chetwynd Bylaws can be found on our website at [www.gochetwynd.com](http://www.gochetwynd.com) under the heading Municipal Office/Bylaws and follow the link. For further information regarding this or other Bylaw related questions please call Bylaw Enforcement at 250-401-4119

## District of Chetwynd 2020 Year End Review

2020 was the last year budgeted for the 4-year playground replacement program; playground equipment was replaced in the Ballfield Park, Spirit Park, Don Titus Fitness Park and the Rec Centre outdoor playground. Going forward, playground equipment will be replaced as necessary.

The indoor playground was installed at the Rec Centre in 2020. The public have been asking for this for years, so although the opening has been post-poned until Covid-19 is under control, we're very excited to provide this free amenity for children.

The washrooms in Spirit Park have been winterized and are now open 24/7. So far, all the feedback has been positive and the washrooms are used often by people enjoying the park.

In 2020 a very heavy rainfall event on Canada Day caused some damage to boulevards and Creekside property. The Province is assisting the District to repair the damage.

Dan Golob was hired as a new Fire Chief in November, 2020. Dan has a lot of experience in firefighting and he's excited to be in Chetwynd

The largest capital project constructed in Chetwynd in 2020 was a sewer replacement on 53rd Place NW and 51st Avenue SW, for an expenditure of \$1,100,000; paving was completed on the Nicholson Road intersection and other priority areas.

Covid-19 is an ongoing concern and the District of Chetwynd has implemented safety plans for each of its departments in conjunction with WorkSafeBC templates and direction from Northern Health and Public Health Orders. The District of Chetwynd remains flexible and ready to respond to future recommendations from those agencies to keep employees and members of the public safe wherever possible.

A continued 5% discount on utilities (water/sewer/garbage) invoices until the end of June 2021.

Proposed 2% property tax increase for 2021.

The Province of BC awarded the District a grant for Covid-19 restart and the allocation for that funding was decided (part of it will cover the 5% discount on utilities, and other expenses the District experienced due to Covid-19).

*Please wash your hands and wear your mask.  
Hoping we will have a better 2021  
Best wishes for the coming year.*

*Mayor Allen Courtoreille*

It always irked  
my single  
mother that her  
grocery store  
didn't carry  
eggs in packages  
of six—just by  
the dozen. Then  
one day, her  
wish came true.  
She walked into  
the grocery and  
found fresh  
eggs in cartons  
of six. "I was so  
excited," she  
told us later,  
"that I bought  
two!"

Concerned that  
he might have  
put on a few  
pounds, my  
husband exited  
the bathroom  
and asked, "Do  
you think my  
chin is getting  
fat?" I smiled  
lovingly and  
replied, "Which  
one?"

# Spruce Ridge Program— Chetwynd Loop Construction

Please be advised that Westcoast Energy Inc., doing business as Enbridge, will be completing construction of the Chetwynd Loop as part of the Spruce Ridge Program between December 14, 2020 and October 31, 2021. During construction activities there will be increased traffic in the area between the West Fraser Forest Industries Mill and along Highway 97 through the District of Chetwynd to Stone Creek subdivision. Triple J Pipelines Inc. will be the General Contractor on site and will require that traffic follows local speed limits as well as ensuring additional traffic control when moving large equipment.

All work being undertaken will follow the latest guidance provided by public-health authorities to help prevent the spread of COVID-19. Enbridge will continue to employ all safety processes and procedures, with increased strict protocols around personal protective equipment, physical distancing

and site sanitization. We will also have a detailed COVID-19 Pandemic Plan at our site to ensure the continued safe operation of our facilities and to help protect our employees, contractors and the public. We remain committed to our relationship with your community during this difficult time and are always available to answer questions or inquiries about the work we're doing in the area.
