## Grounding of Planes Could Raise Ticket Prices

Ticket prices for northern air travellers may be on the rise following the grounding of Boeing 737 Max 8 and 9 planes in Canada. Use of the planes was banned by Canadian Officials following the recent crash of one of the jets that killed 157 people.

The grounding could likely cause a few weeks of chaos for Canadian travellers but has not yet been much of a problem for northern flyers. There is concern for ticket prices. There are rumours that for a 90 day minimum they won't put the 737 back in the air.

My Prince George Now reports the reduced capacity in the marketplace could mean a price hike.

## RCMP in Pouce Coupe?

The Village of Pouce Coupe and the Dawson Creek RCMP have teamed up to explore the possibility of an RCMP officer in Pouce Coupe.

As reported by Dawson Creek Mirror, the Village is exploring options for office space, including possibly setting up an office in the Fire Hall. At the Village's budget meeting on Tuesday, council motioned to

send a letter of support to Dawson Creek RCMP Staff Sgt Damon Werrell, who is reportedly working on a business case for the proposal.

Mayor Lorraine Michetti supports the idea, indicating that this would allow Pouce Coupe to have community policing full time.

# This Spring rejuvenate YOUR HOME

## How to get rid of clutter and organize your home

A tidy and organized home can feel like a refuge at the end of the day. If your home has become cluttered and disorganized, take the time to declutter and sort it out.

Going room by room, the first step is to get rid of anything you don't need. It may seem overwhelming at first, but removing unwanted and unneeded things will be liberating. You may even find yourself throwing out more than you originally planned.

If you're not sure where to begin, start by getting rid of items that don't get used and articles you have multiples of. Donate things that others can find a use for and throw out anything too damaged or heavily used to be donated.

Keep in mind that the amount of things in a home needs to correspond to the amount of storage available. People who live in small apartments will end up keeping fewer things than those who live in single-family homes.

Once you remove the excess items from your home, organize everything else using storage containers, baskets and boxes. Articles that don't have a home will probably end up being piled on your table or kitchen counter. Designate a place for everything in your home and make it a point to put belongings away as soon as you're done with them.

## Make the most of your spring cleaning

## How to choose the perfect paint for your walls

Are you thinking of giving your walls a fresh coat of paint this spring? Having a hard time deciding what colours to choose? Here are some tips for selecting the perfect shades.

- Decide on the room's entire look before selecting your paint. This will allow you to really pull the room together with colour.

- Once you've settled on the design of a room and chosen the furniture and accessories, take inspiration from a colour featured in a favourite area rug or throw. This will ensure your room looks pulled together.

- If you're painting rooms that open into each other, make the transition seamless by choosing colours that are two or three shades apart on the same paint chip.

- Choose a neutral paint for rooms where something else is the focal point. Bold hues work

best in rooms where everything else is understated.

- A tiny paint chip isn't enough to let you know if the colour will work in a given room. Instead, buy a sample and paint a small area so you can see the colour during different times of the day.

No matter your style, following these tips will help you find the perfect new colour for your walls.
