## NEW, IMPROVED BC SENIORS' GUIDE HOT OFF THE PRESS

British Columbians can now access the updated BC Seniors' Guide, a comprehensive tool that provides crucial information on health, housing, finances, community supports and more to help seniors continue living well. Print copies of the enhanced 12th edition of the guide are available in English, Chinese, French, Punjabi, Farsi, Korean and Vietnamese. All languages can be accessed online in PDF format. The English version is online in e-book format.

"Our government is committed to helping B.C.'s growing number of older adults live independently for as long as possible, to promote a healthy, active lifestyle and to provide the best possible care and support when people need it," said Adrian Dix, Minister of Health. "Making sure information and resources about services are readily available for seniors, Elders, their families and caregivers is important to help individuals make informed health decisions and live happy, fulfilling lives."

The new seniors' guide includes information on programs, such as:

- Fair PharmaCare;
- Medical Services Plan;
- The Home Adaptations for Independence program, which provides financial assistance for low-income seniors to modify their homes;
- Shelter Aid for Elderly Renters, which helps make rents affordable for low- to moderate-income seniors;
- The B.C. Senior's Supplement, which offers a provincial top-up to the federal Old Age Security/Guaranteed Income Supplement payment;
- The Travel Assistance program, which offers discounts for travel within the province for medical specialists' services not available in local communities; and
- The B.C. Bus Pass program, which offers subsidized bus passes to low-income seniors.

"Older adults, their families and caregivers have told us that access to reliable and current information is a priority for them," said Mable Elmore, Parliamentary Secretary for Seniors' Services and Long-Term Care. "That's why our government continues to produce the popular BC Seniors' Guide, which is a key source of information on programs, services and benefits for older adults in the province." The guide directs individuals to the BC Centre for Disease Control for information regarding COVID-19. "This guide is important, as it provides seniors and Elders with information and resources they can use to make informed health and care decisions, and to remain active and engaged in their communities," said Isobel Mackenzie, seniors advocate.

*Men have sung the praises of fishing and hunting, they have extolled the joys of boating and riding, they have dwelt at length*

*upon the pleasures of automobiling. But there is one — sport, shall I call it? — which no one seems to have thought worth mentioning: the gentle sport of berrying... huckleberrying! How can I adequately sing the praises of the gentle, the neat, the comfortable huckleberry!... Yes, when the sun is hot and the wind is cool, when the woods have gathered their birds and their secrets to their very hearts, when the sky is deeply, warmly blue, and the clouds pile soft, then give me a pail and let me wander up, up to the great open berry lots. I will let the sun shine on me and the wind blow me, and I will love the whole big world, and I will think not a single thought, and at sundown I will come home with a full pail and a contentedly empty mind.*
