MP ZIMMER CONCERNED WITH CURRENT SYRIAN REFUGEE RESETTLEMENT PLAN

Bob Zimmer, Member of Parliament for Prince George-Peace River-Northern Rockies, is calling on the Liberal government to reconsider its current plan to bring in 25,000 Syrian refugees to Canada by the end of the year.

In a letter addressed to Prime Minister Justin Trudeau and Immigration, Refugees and Citizenship Minister John McCallum, Mr. Zimmer conveyed his concerns, as well as those he has heard from constituents.

"Given the most recent terrorist attacks in Paris and Beirut, many constituents have reached out to me to express their concern with bringing such a large number of refugees into the country in such a short amount of time," Mr. Zimmer wrote. "We are concerned that with such a tight timeline, proper and thorough security and health checks will not take place. I am also deeply concerned, along with my constituents, about our ability to assist these refugees once they have arrived in Canada."

Mr. Zimmer went on to write that while he too wishes to help those fleeing violence, it must be done responsibly.

"I believe that the vast majority of Canadians, including myself, share in your desire to help those fleeing the violence in their homeland," wrote Mr. Zimmer. "However, we must ensure that every possible safety precaution is taken and all appropriate security procedures are in place to ensure those entering Canada do not pose a threat to our communities. Unfortunately, this takes time."

The letter ends with Mr. Zimmer asking that Prime Minister Justin Trudeau reconsider his current plan in an effort to ensure the safety and well-being of all Canadians.

CHETWYND COUNCIL DRAFTS LETTER TO HYDRO RE: LOCAL HIRING PRACTICES

The District of Chetwynd held a regular council meeting at the Tamarack Hall in the Chetwynd Rec Center.

Chetwynd Visitor Centre Manager Tyria Plamondon addressed council and gave a report on the 2015 season. She further mentioned some of the future tasks the Visitor Centre will embark on in 2016. She talked about training people in the community to be better prepared for visitors and Mobile Services which will help the Visitor Centre reach out to more tourists.

Council debated the document from Blue Fuel Energy about a vision for Clean Energy in BC, and agreed to have administration take a deeper look at the documents and select portions that highlight what they stand for before they can endorse it.

Council then made a recommendation to authorize an easement through the Gear-O-Rama lot for sewer and water connections to Canfor's new pellet plant that work in favour for the District.

Council also made a motion to send out a letter to BC Hydro with regards to contractors hiring local workers. They're hoping someone from BC Hydro can educate them on their hiring practices and how many local workers are currently hired.

The next Council Meeting is set to take place Monday December 7th, 2015.

## YET ANOTHER ARMED ROBBERY IN GRANDE PRAIRIE

In the wake of news that Grande Prairie has been named the unofficial "Crime Capital of Canada" for 2014, yet another armed robbery occurred in the Swan City at the Eastside Grocery store on Sunday night.

RCMP say that a masked man wielding a knife demanded money from a staff member at around 8:30 p.m. on November 15th. The suspect made off with an undisclosed amount of cash, and may have driven away in a dark coloured Chevrolet extended cab truck with a tidy tank or tool box in the truck bed.

The man is described as Caucasian, 5'8" with a medium build and brown eyes. He was wearing blue industrial coveralls with reflective stripes, black boots, gloves and a mask. Anyone who could identify him is asked to contact police or Crime Stoppers.

## MEET THE MAYOR

November 11, just one week ago. We remembered, we celebrated, we honored the valor, the heroism, the sacrifice of our men and women who defended with their lives our right to disagree, to assemble, to speak out, or to keep silent.

In this benign land we are in danger of taking for granted our right to worship God or to worship our money, to sing praises to the Creator or to shout praises to the latest idol. We assume that we can read what we want to read, hear what we want to hear, and say what we want to say, all when the spirit moves us. And we can. This is Canada. O Canada!

But it wasn't always that way and, if we are not vigilant, things could change even here in O Canada. We only have to remember the length of my lifetime to recall that minorities lost their homes and their freedom simply because of their ancestry. That was a temporary abridgment of freedoms.

We have other shameful examples of freedoms lost because of ethnic differences.

Liberty is a blessing that can be too easily squandered if we don't value it enough to pay its price. There is a price.

How much liberty will you give up for security?

How much liberty will you give up for your pay cheque?

The people we honored last Wednesday gave up a lot more than most of us have ever thought of giving up.

It was Jesus who taught us that there is no greater love than to lay down our lives for someone else. I think He was right.

You Veterans of Kosovo, of Afghanistan, of Iraq, of Syria, of Europe and of Japan, and of every other war who did not come home, did you know that your love for us could not be greater? Did you know that some of us rarely remember you? And yet you sold your lives dearly for our liberty to forget.

But let's come up to the present. Paris, Friday, November 13. While Canada is blasting ISIL in Iraq, ISIL mows down 129 innocent souls in the City of Light. That's a long way from here, we rightly say. But quite wrongly, we assume that life here will go on as if nothing happened. It won't. It's a small world and a criminal tragedy of this magnitude in Paris will have serious repercussions in Canada.

No matter how bravely we may boast of going forward; of not cringing before a gang of thugs, things will change just as they did after 9-11. Some of our liberties will be abridged.

Can you imagine living under the crippling restrictions of an ISIL regime? No? It's unthinkable, isn't it? But if we are not eternally vigilant, little by little some of the liberties we hold dear will quietly slip into history. They won't all vanish this year or this decade, but unless we remember well, we certainly will forget. And we'll lose.

Merlin Nichols, Mayor

Western society has accepted as unquestionable a technological imperative that is quite as arbitrary as the most primitive taboo: not merely the duty to foster invention and constantly to create technological novelties, but equally the duty to surrender to these novelties unconditionally, just because they are offered, without respect to their human consequences.

~Lewis Mumford
