SIMPLE SOLUTIONS TO REDUCE WATER CONSUMPTION AT HOME (NC) According to Environment Canada, a standard toilet uses approximately 18 litres of water per flush. Assuming that each person uses four flushes per day that translates into nearly 30,000 litres per person per year. For a family of four, that's nearly 120,000 litres of water per year. Instead of opting for the traditional expensive and labour-intensive plumbing renovation, homeowners should consider an eco-friendly alternative such as a macerating toilet.

Products such as Saniflo's Sanicompact can cut water consumption significantly. The unit reduces water consumption though a dual flush system, making it perfect for the green-minded user. It uses only four litres of water per flush, saving approximately 24,000 litres of water per person. For a family of four, this saves approximately 96,000 litres per year.

It's also an easy and cost-effective solution. With simple renovation requirements, no need to break the concrete or do intensive construction, the Sanicompact not only helps the environment, but also increases the value of any home or commercial space.

More information on these toilet systems is available online at www.saniflo.ca.

Celebration of Life

Dr. Geoffrey Harding,

resident of Chetwynd, British Columbia, passed away on
Wednesday, April 1st, 2015 at 88 years of age.

A Celebration of Life will be held on
Saturday, May 9th, 2015 at 2:00pm at the
South Peace United Church, 1300 - 104th Avenue,
Dawson Creek, British Columbia,
officiated by Reverend Marilyn Carroll.

Expressions of sympathy may be made to the
Kalamalka Rotary, Box 113, Station Main, Vernon,
British Columbia, V1T 6M1, in support of a project in
Africa, where Dr. Harding had donated his medical
equipment and books.

Memorial arrangements were entrusted to
Bergeron Funeral Services & Crematorium Ltd,
Dawson Creek, British Columbia

A strong positive mental attitude will create more miracles than any wonder drug.

MEET THE MAYOR

May 1, 2015

When I took this job, I assured my wife that there was nothing in the job that would keep me up in the night. I was right – for three years. Oh, sure, there were challenges, but I slept like a tired baby.

December 2014: no, I hadn't lied to my wife; a new element quietly had been introduced to the scene.

Christmas had just passed and the mice were beginning to stir when Doctor Tim told me he would be leaving Chetwynd in July and forfeiting his signing bonus. That was a solid body blow delivered by a real nice guy but it hurt just the same; oh well, a guy's going to do what he's got to do, and he did it – over lunch. That's life in this uncertain world.

We had known for a year that the Doctors Schreve were planning to relocate in July. We had been working for months to fill their shoes – not a lightly to-be-taken assignment – but this new development was news of the most unwelcome kind.

A *Preliminary Health Services Review and Assessment for Chetwynd and Surrounding Area* funded by Northern Health (NH) was delivered by the author, Brian Spooner, in January 2014. This report provided several recommendations, not all of which could be implemented. Among those implemented were the following:

- Develop an appropriately sized primary care clinic.
- Establish a joint NH-District of Chetwynd (Ch) Working Group to support recruitment and retention of health-care professionals.
- Work with the local physicians to implement a more contemporary primary care service model.

An effective partnership among NH, Ch, and the physicians is essential to success in our endeavours with a long-term and sustainable outcome dependent on each partner's making significant contributions toward the shared goals. I believe we have an effective partnership with each partner actively contributing.

In fact, NH, Ch, and the local doctors have been collaborating closely on these recommendations for at least the last sixteen months.

The working group meets frequently to update the partners on current issues in recruitment, construction, and development of the primary care service model. NH and the physicians are in frequent consultation regarding details of the business relationship between NH and the physicians. CH moved into new territory when Council decided to build the new primary care clinic – now ready to be occupied. Typically, local government avoids involvement to this level in health care delivery. Times have changed and continue to change. We have to be willing to change with the needs presented. No longer can we be content to sit back and let someone else do the job. Health is a community issue. Council has found a role in supporting health care in a way that is acceptable to Council and hopefully (as we have seen with donations received for the new Clinic) with your support as well.

Thank you for your understanding as we continue to do the things that will create an environment attractive to doctors, nurses, and patients.

Merlin Nichols, Mayor

CHETWYND SOCIETY FOR COMMUNITY LIVING WILL BE THE MAJOR SPONSOR FOR THE CHETWYND HEALTH BLITZ FOR THE NEXT 5 YEARS

Chetwynd Success By 6/Children First is pleased to announce that the Chetwynd Society for Community Living will be the major sponsor for the Chetwynd Health Blitz for the next 5 years.

Chetwynd Society for Community Living's 5th Annual Health Blitz will be ***Wednesday May 27, 2015, 11-2 Chetwynd and District Recreation Centre (curling rink).*** During previous Health Blitz events, we have seen an average of 60-80 children ages 0-6 in our community who attend our Health Blitz here in Chetwynd. Parents had a chance to connect with other parents, schools, program information, community resources, and most importantly an opportunity to find out how their child is growing and developing by health screening professionals (hearing, vision, development, and dental).

Chetwynd Society for Community Living believes in the mental health of the entire community, and believes individuals have the right to make decisions and choices affecting their lives. Individuals have the right to a safe and secure environment, and early detection which is essential in assessing people to connect with the necessary resources. This generous donation will help to enrich the lives of our children, strengthen the relationships between parents, childcare professionals, schools, and early screening professionals as well as offer the opportunity that will help families reach their full potential. An investment in a child's early years is an investment in the future of our community. Chetwynd Success By 6/Children First would like to thank the Chetwynd Society for Community Living for the Health Blitz Sponsorship.

Success By 6/Children First in B.C. is a joint initiative of the United Way, Credit Unions, the B.C. Government through Ministry of Children and Family Development, and Community Leaders. The B.C. Success By 6 initiative now reaches over 150 communities across the province. Your support of Success By 6 will make a difference to children and their families, and to your entire community. For more information or to make a donation, contact your local Success By 6/Children First Coordinator April Whyte, phone: 250-788-5648,

email: chetwyndecdtale@gmail.com or visit www.successby6bc.ca
