55 YEARS OF CHETWYND LEGACY PROJECT

The community gathered last Friday, December 15th, for the presenting of a legacy project for Chetwynd's 55 birthday. 14 beautiful pieces of art were presented to be hung in the new district office.

The Chetwynd Community Arts Council was approached two years ago with the idea to accumulate a collection of artwork where they came up with the theme "My Peace Country Home". Several local artist showed interest in the legacy project and began creating works for the collection. The collection has fabric art, photography, canvas art and more.

President of the arts council, Julia Nelson, spoke on behalf of the council and mentioned how they sourced grants in order to frame the pieces. She also mentoned how they offered the artists nothing more than the pride of having their artwork showcased by the District of Chetwynd for years to come.

Mayor Nichols thanked the artists for their pieces and the passion and dedication put into each piece.

Kelsey Roberts, reporter Coffee Talk Express

Merry Christmas

MAYOR'S REPORT

I just completed a teleconference with interested Mayors and the Council of Forest Industries (COFI), the agency that fights our softwood-lumber battles at the level just below Government. As you probably know by now, the International Trade Commission (ITC), a decidedly un-international commission whose reason to be seems to go no farther than protecting US lumber producers, has once again ruled against Canada in the perennial wrestling match to dominate US markets.

Let's be a little more charitable. Canada is not trying to dominate US markets. But Canada is interested in maintaining a reasonable share of a market that US producers cannot satisfy.

There are a number of factors at play in this dispute: US producers have not adequately reinvested in their industry (a lapse of business sense that they do not acknowledge); Canadian producers have reinvested. This gives Canada a legitimate and defensible competitive advantage in the US market. US and Canadian producers operate in environments that are not exactly parallel. However, in past disputes, our negotiators have consistently prevailed in showing that the playing fields are essentially the same. And Canada consistently has won at the North American Free Trade Agreement (NAFTA) and the World Trade Organization (WTO) tribunals.

On Canada's side in the US in this dispute is the National Association of Home Builders, a consumer lobby advocating for fair pricing of lumber. If the US lumber producers win this dispute it will mean that consumers in the US will be at the untender mercy of the local producers and will be paying higher prices for softwood lumber which will push up the cost of housing.

At stake for Canada is the prospect of indefinitely paying the 20.83% duties imposed on Canadian softwood imports and due to be implemented within days. Of course 20.83% is easier to absorb than 30% or 40% but the duty still stings.

Easing the sting somewhat is the robust market for lumber in the US (which US producers fall short of supplying by 20% to 30%). The market has been, and will continue to be boosted by renovation and rebuilding needs, the spinoff of recent hurricanes and present fires in the US. Housing starts are up and the remodeling sector is growing. It is a sad commentary on this world that we profit from others' disasters but that is the way life seems to run, subject as we are to the second law of thermodynamics (ever hear that term before today?). It is good to be able to help. Imagine the outcry if Canada was actually excluded from the US market and the need consistently exceeded the supply by 20% to 30%.

One further mitigating circumstance is the value of the Canadian dollar. While it strokes our national ego to have our currency on par or above our neighbour's currency, it's not an unmixed blessing.

For the time being, we can expect the duties to hold while the legal challenges through NAFTA and the WTO grind on. We are treading uncertain waters with NAFTA as Mr. Trump's final decision on that body remains to be seen. Oh the uncertainties that surround us in this uncertain world! COFI will continue its strong support for softwood lumber; our Governments will continue their negotiations. We have allies across the border. Keep your chins up and your gas tanks full. Have a happy Christmas in spite of international tensions.

Oh, by the way, if we were to go back in time 100 years and ask a logger what he'd like for his winter work in the woods he'd probably, after a bit of musing, suggest a horse that was twice as strong and ate only needles of the trees he was harvesting. How things have changed! And the trade disputes with the US were in full swing even then. Merlin Nichols, Mayor

Chetwynd Royal Canadian Legion.
Pastor George Rowe will officiate, interment will
follow in the Tuscoola Mountain Cemetery.

Very Respectfully
Reynars Funeral
Home and
Crematorium

KELSEY'S CHRONICLE

I was racking my brain the past few days trying to come up with one more way to milk a little bit more out of this holiday, so for your reading pleasure here are 13 of my favourite Christmas facts I found while perusing the interwebs.

-Rudolph, the red nosed reindeer was the product of author Robert L. May's imagination in 1939. The copywriter wrote a poem about the reindeer to help lure customers into a department store.

-Between the 16th and 19th centuries was what is known as a "little ice age" where global temperatures were several degrees lower than normal. It is for this reason that many Christmas carols and songs stress a "White Christmas".

-Construction workers started New York's Rockefeller Center Christmas tree tradition in 1931.

-Early illustrations of St. Nicholas make him out to be a stern symbol of discipline rather than the jolly, overweight fella that children know today

-There is a village in Peru where people settle the previous year's grudges by fist fighting. They then start the new year off on a clean slate

-An artificial Christmas tree would have to be reused for more than 20 years to be "greener" than buying a fresh-cut tree annually.

-The first eggnog made in the United States was consumed in Captain John Smith's 1607 Jamestown settlement.

-During the Christmas of 1914 (World War 1), a truce was held between Germany and the UK. They decorated their shelters, exchanged gifts across no man's land and played a game of football between themselves.

-The Salvation Army has been sending dressed up Santa donation collectors into the streets since the 1890s.

-In the Middle Ages, Christmas celebrations were rowdy, a lot like today's Mardi Gras parties.

-From 1659 to 1681, the celebration of Christmas was actually outlawed in Boston, and law-breakers were fined five shillings.

-Each year, 40 million real Christmas trees are cut down in North America. These trees usually grow for about 15 years before they are sold.

-Today, in the Greek and Russian orthodox churches, Christmas is celebrated 13 days after the 25th, which is also referred to as the Epiphany or Three Kings Day. This is the day it is believed that the three wise men finally found Jesus in the manger.

I hope everyone has a safe and enjoyable holiday, Merry Christmas!

Thank You

Christmas Lunch: Don Titus Montessori School would like to give a really big, heartfelt thank you to the following Don Titus families for their kind and generous donations to the school for our Christmas Lunch. The students and their families enjoyed a meal of turkey, ham, salads and delicious desserts. This festive feast was enjoyed by all and nearly 200 people attended!!

Thank you to:

~ Daphne Nichols ~ Tami McIvor
~ Carla and Jerry Cupples ~ Doucette family
~ Rowsell family ~ Harroff family
~ Deanna Hoard ~ Arlene Laderoute
~ Mahler family ~ Mosher family
~ Ethier family ~ Laurie Wallington

Craft Day: A big shout-out to the Northern Lights College Adult Based Education class for hosting our school Craft Day; we also had volunteers from the families of students at the school. The Craft Day was amazing and the students had many wonderful gifts to take home, such as gingerbread houses, ornaments and so much more.

Shopping Day: We would also like to **thank** all the parents and members from our amazing community that donated so many items for our students to purchase at our Shopping Day. The kids were able to buy fantastic gifts for their family members for only $1. **Thank you** also to students from the Me to We Program at the High school for graciously helping our students wrap all their gifts ready for under the tree. We would like to give Ms. Noreen McInnes from Flin Flon, Manitoba a big **thank you** for the beautiful handmade toques. Thanks to Mrs. McInnes all students from the K-1 class received a beautiful toque!

Merry Christmas

VIKIDANZA DANCE RECITAL

For the past 10 weeks, the students of Vikidanza have been practising their choreography and skills for their Christmas Dance Recital at the Cottonwood Hall. The work paid off and dancers, aged 2- 13, presented a wonderful show of what they had learned in front of family and friends last Wednesday, December 13th.

Accomplished East coast dancer and now instructor, Vickie Gionet, taught her students choreography in hip-hop, contemporary, jazz and ballet. The students were thrilled to have the opportunity to learn to dance from Vickie. The show saw each age group perform their dances, beginning with the absolutely precious younger kids, and finishing with the more skilled older girls group. At the very end of the recital, all the dancers came together to perform a dance to a fun Christmas song.

It was so great to see all the smiling faces of the dancers, who were truly enjoying themselves.

SURERUS-MURPHY'S GENEROUS DONATIONS RECEIVED BY MANY THANKFUL GROUPS

Kelsey Roberts, reporter Coffee Talk Express

For the past two months the employees of Surerus-Murphy have been able to prove that real life Christmas miracles do happen. They have been helping many charities and groups with over $40,000 in donations.

They began with donations to the Fire hall, Library, Royal Canadian Legion, tennis court resurfacing, volleyball team sponsorship, Piper's desk, several gift cards and gift packages, skating with Santa party, and free lunches.

On Tuesday, December 19th, Surerus-Murphy presented 7 more cheques to local groups with the help of General Superintendent Nathan Pysar, Project Manager Jim McCarthy and Derek Pickford of Public Relations.

-The Chetwynd Hospital and Health Centre received 40" T.Vs in their facility,

-The Air Cadets received a cheque to help with a trip.

-The Hudson Hope Church received a cheque to help with renovations.

-Electric Eels Swim Club received a cheque that will go towards a much needed swim block.

-Chetwynd's hockey team the Silvertips received a cheque they will use for new jerseys.

-Pinetree Books received a cheque they will use to provide $500 worth of books to each school in Chetwynd.

-The Senior's Housing Society will receive an Industrial dishwasher.

Mr. Pickford mentioned that if it weren't for the employees of Surerus-Murphy buying the raffle tickets they would not have been able to help as much as they have, and although they can't help every group that may need it they do still plan to help a bit more in the new year as the projects wrap up.

Phyllis Charlotte Nelson

With deep sadness we announce the peaceful passing of our Mother Phyllis Nelson on November 30, 2017.Mom was predeceased by her loving husband Lyle of 53 years, her grandson Shane Everett along with sisters Irene Stevenson, Dorothy Abraham and Edna Carey.
She is lovingly remembered by her daughter Barb (Ron), son Fred (Deb), daughter Becky (Gregg) and daughter Ronda (Lawrence), along with her daughter-in-law Marie. Her grandchildren, Dean (Melanie), Dana (Shane),
Todd (Justine), Curt (Tai), Marc (Michelle), Jake (Sara), Rode'(Amanda) and step granddaughter Angie (Colin).
Great grandchildren, Ethan, Jason, Sierra, Meila, Griffin, Logan, Cole, Trey, Evan. & Aiden.
Phyll was born October 7, 1927 in Chilliwack, BC. After completing Grade 10, Mom went to work at the Totem Grocery Store
in Chilliwack, where she proudly became head cashier.. Mom met Dad, her future husband at a friend's wedding, Dad then went overseas with the Air Force and on his safe return they reunited and were married August 21, 1948. Dad then took his city bride
to the X-J Ranch in Deadman Creek where Mom soon learned how to become a country girl.
After spending a couple of years at the X-J Ranch they moved to Clinton to work at the Pollard Ranch. Between 1950 – 1952
Mom and Dad lived between Lac La Hache and Savona, and in 1952 Dad went to work for West Coast Transmission, where he spent 28 years with the company. In those years, Mom and Dad were transferred many times from Savona to Fort Nelson and back again.
Mom stayed at home and raised all four of us children, often on her own as Dad travelled a lot with his job.
Mom and Dad were very involved with our lives growing up. As a family we did a lot of camping, fishing, hunting, snowmobiling and they were also very active in all of our horse activities; horse shows, gymkhanas and later rodeoing.
Mom and Dad retired to Savona in 1980 where they enjoyed many years being involved in the community.
In their retirement they put many miles on their RV, fishing, hunting and camping with friends and family.
After Dads passing, Mom moved to Desert Gardens Seniors Centre in Kamloops. It was a special home to her where she and her very dear friend Margy, along with numerous other friends spent many hours volunteering, they had a lot fun with much laughter.
Mom loved people and she loved to visit with everyone.
We will all miss Mom and her wonderful smile, but know she's at peace with Dad where she truly wanted to be.
Mom and Dad's favourite saying to all they met on their travels over the years was:
"We live by the highway in Savona, drop in anytime for a coffee or a drink"
AND SO MANY DID!

Chetwynd Shared Ministry

"And she gave birth to her firstborn son and wrapped him in bands of cloth, and laid him in a manger, because there was no place for them in the inn." (Luke 2:7)

Babies are born every day in every corner of the world, but at Christmas we celebrate the birth of a special baby. The God who created the whole universe – everything that we see and everything that we can't see – was born as a vulnerable human baby; and because of this, the world was changed. The overwhelming and unconditional love of God is given to all of us because Jesus Christ united our humanity with God. This love from God flows through all of us and overflows to the world around us.

We invite you to join us on Christmas Eve as we celebrate the birthday of Jesus, who came to our world singing love.

With love and blessings,
Pastor Kate and the congregation of Chetwynd Shared Ministry
