BC's Vaccine Card-What You Need to Know for You & Your Business

The Province of BC released additional information today about how the vaccine card will work. According to the Public Health Officer, these settings have been identified as discretionary activities for the time-limited period (January 31, 2022 current end date).

Following is the complete list of settings where proof of vaccination will be required:

indoor ticketed sporting events
 indoor concerts, theatre, dance and symphony events
 licensed restaurants, and those offering table service (indoor and outdoor dining)
 pubs, bars and lounges (indoor and outdoor dining)
 night clubs, casinos, movie theatres
 fitness centres / gyms / adult sports (indoor)
 indoor group exercise activities
 organized indoor events with 50 or more people (e.g., wedding receptions, organized parties, conferences, workshops)
 discretionary organized indoor group recreational classes and activities

How It Works For Individuals

Individuals who have received their first or second dose of COVID-19 vaccine in B.C. can access their BC Vaccine Card by visiting gov.bc.ca/vaccinecard. To access their proof of vaccination, they will enter their:

personal health number
 date of birth
 date of vaccination (either Dose 1 or Dose 2)

The BC Vaccine Card can be saved to a mobile device or printed and will include a secure individualized QR code.

Individuals who can't access the electronic BC Vaccine Card can ask a friend, family member or support person to print their BC Vaccine Card for them, visit a Service BC office, or call 1 833 838-2323 to receive a copy in the mail.

Eight fellow accountants and I got into the elevator at work, never stopping our discussions about an upcoming meeting. After a minute, a voice from the back interrupted us. "So," a man said, "how many accountants does it take to press the elevator button?"

Age does not diminish the extreme disappointment of having a scoop of ice cream fall from the cone

When you wake up with a jolt, it's called a Hypnic Jerk.

This usually happens during the lightest stages of sleep, and can happen as a natural reaction when you fall asleep in a car or airplane

The new busboy was just 16, and because it was his first job, we were all impressed with how well he had done on his first day. Which is why we were surprised the next day when he didn't show up for his shift. Then, an hour late, he came running in, red-faced and breathless. "I'm sorry, I'm sorry," he said. "I forgot I had a job."

A child asked his father, "How were people born?" So his father said, "Adam and Eve made babies, then their babies became adults and made babies, and so on." The child then went to his mother, asked her the same question and she told him, "We were monkeys then we evolved to become like we are now." The child ran back to his father and said, "You lied to me!" His father replied, "No, your mom was talking about her side of the family."

Thank You

Individuals will show proof of vaccination in the settings listed in the PHO orders, alongside one piece of government-issued photo identification for people 19+. People 12 to 18 years do not need to show identification.

Proof of vaccination will also be required for people visiting from outside of B.C. using a provincially/territorially recognized official record alongside valid government photo ID.

For individuals visiting from outside of Canada, they will be required to show the record of vaccination they use to enter Canada (ARRIVE-Can app) and their passport.

The only exemption for this limited-time measure is for children under the age of 12 who are not eligible for the vaccination.

How It Works for Business

Businesses will be able to download a reader app (BC Vaccine Card verifier app) from the Google and Apple app stores, to securely read the QR code to determine a person's proof of vaccination. No personal information will be retained in the app.

Businesses can also choose to visually verify a customer's proof of vaccination, instead of using the BC Vaccine Verifier app.

Businesses and event operators are provided with a Vaccine Card toolkit, including a suite of communications tools, including posters, a question-and-answer document, and a list of approved proofs of vaccination from other jurisdictions to guide them on how to check a vaccine card.

As of Sept. 13, 2021, people in British Columbia will be required to present their BC Vaccine Card showing partial vaccination (Dose 1) to access certain businesses and events.

As of Oct. 24, 2021, people in British Columbia will be required to present their BC Vaccine Card showing they are fully vaccinated with two doses of COVID-19 vaccine to access the same list of businesses and events.

For businesses with a pre-existing account-based entry system (recreation centres, gyms, etc), recording of proof of vaccination must receive customer consent in writing and the business must delete all records once the proof of vaccination is lifted. These businesses must also have a process in place to allow for a customer to withdraw consent.

In areas where community transmission is increased significantly or where there are outbreaks, the requirements to be fully vaccinated to access these events and activities may be required earlier at the direction of a local medical health officer.

Enforcement & Duration

Tickets can be issued to individuals, owners/operators of locations and event organizers for violations of the PHO orders. Enforcement is at the discretion of enforcement officers, including police, liquor and cannabis inspectors, gambling investigators and conservation officers.

Businesses and organizations that do not comply with the PHO order may issued a violation ticket. Depending on the violation, individuals could be subject to a \$230 or \$575 violation ticket. Owners, operators and event organizers could be subject to a \$2300 violation ticket.

The requirement will be time limited through to Jan. 31, 2022, subject to possible extension.

The August 25th PHO for mandatory masks in indoor spaces in all of BC remains in effect. This temporary order will be reassessed as the B.C. vaccine card requirement is fully implemented.
