Squadron Warrant Officer Promoted at 258 RCACS

258 RCACS is proud to announce the recent promotion of Cadet Krista Mason to the rank of Warrant Officer 1st Class (WO1). WO1 Mason holds the position of Squadron Warrant Officer and is currently the senior cadet in the Squadron, having participated in the organization since Feb-2014. Mason supports the Squadron by always attending regular training nights and by developing attributes of good citizenship in her cadets.

In order to be promoted to the rank of WO1, Mason had to pass a merit review board. Mason was interviewed by members of the community in order to assess Mason's competency to hold the rank of WO1. 258 RCACS Commanding Officer Captain Drew Ferreira would like to thank the board members for their time in evaluating Mason. Constables P. Koch and A. Boroniec-Maslis, Councillor Clay Bassendowski and Sponsoring Committee Vice-Chair Trina Gibson, thank you for your continued support to our Squadron.

258 RCACS actively parades on Monday nights from 6pm till 9pm at the Royal Canadian Legion. We welcome all youth between 12-18 years of age to come down and check us out. We are also looking for adult volunteers on both our training staff and sponsoring committee.

Quick Facts

The Royal Canadian Sea, Army and Air Cadets are national programs for youth ages 12 to 18, which aim to develop in youth the attributes of good citizenship and leadership, promote physical fitness and stimulate the interest of youth in sea, land and air activities of the Canadian Armed Forces. The programs are delivered by the Department of National Defence and the Canadian Armed Forces in partnership with the civilian Navy League, Army and Air Cadet Leagues of Canada.

There are more than 7,000 cadets in 140 corps and squadrons across B.C.

Tips for getting your home ready for spring

As we emerge from winter hibernation, it's time to turn our attention to the seasonal chores that come with the first signs of spring. Here are some tips to help make sure your home is in tip-top shape.

Move winter gear to storage. Ever find yourself stumbling over your snowblower to get your hands on the lawn mower? Now's the time to organize your garage to make sure spring tools are easily accessible and ready for use. Check that machines are operating well and that tools are rust free, sharpened and ready for when you really need them.

Clear out your gutters and downspouts. Winters can be rough, causing wear and tear to outside fixtures. Check that all gutters, downspouts and soffits are still secure and attached and that there is no snow, ice or leaf build-up that can block drainage and cause flooding or damage to your roof.

Check and replace filters. Spring is the perfect time to change your furnace filter and make sure You're a/C unit is ready for the warmer weather. Unwrap your unit and make sure there are no animal nests, debris or tears in the equipment.

Review your insurance policies. With warmer weather and melting snow comes the risk of water damage. Take the time to review your home insurance and make your policies cover your current needs. PC insurance will consult up to nine different insurance companies to compare your policy, so you can rest easy knowing you have the best rate. Find more information at pcinsurance.ca.

5 spring cleaning essentials for your car

Nothing inspires a drive more than the arrival of spring. The sun is shining, the atmosphere is a little brighter, and slowly the slush and snow begin to clear. But one look at your car post-snow and you'll realize you're not quite ready.

How do you prepare for the warm months ahead? Here are a few essentials to check off your list:

De-clutter. Our vehicles often become a garbage graveyard over the winter. Once you're ready for a fresh start, your first step should be clearing out the buildup of garbage. The second step is to find a storage solution for your winter tires. To eliminate the stress of having to find space for them in your garage OK Tire will store them for you.

Squeaky clean. Your vehicle accumulates salt and grime over the winter. Cold weather usually means fewer trips to the car wash, and that dirt build-up can break down your paint and damage your undercarriage. Take your car in for a wash, ensuring you get the underside as well. Top things off with a wax to protect and add a shiny finish.

Ventilate. A full season of winter driving usually means your windows haven't been opened in a while, which can cause the interior to get stale and accumulate dust. Now's the time to clear the air. While you're already in cleaning mode, open your doors and windows to let the fresh air cycle through. Also, have a look at your air filter and replace it if necessary – your lungs will be happier for it.

Replacement wipers. A good rule of thumb is to consider replacing your wipers once they start leaving streaks on your windshield, as it can be hard to tell whether they require a change by just looking at them. While you are at it, don't forget to top up your windshield fluid. Go for the summer formula, it's specially made for warmer conditions and will give you a better clean.

Start fresh. Check your supplies in case of emergency, such as spare food and water, as these can expire or run low. Consider a full maintenance check to get ahead of any minor issues and avoid major problems down the road.

Stabilize your own position by locking up your savings. Generosity will put you in the poorhouse. Use your innovative mind to surprise youngsters.

Gemini - May 21 - June 21

Hard work will payoff if you refrain from expressing your opinion to superiors. You will be subject to pushy individuals if you get involved in uncertain organizations. Knowledge can be acquired if you listen.

Cancer - June 22 - July 22

Don't hesitate to sign up for creative courses or physical fitness programs. You will meet exciting new people through interest groups or functions that you attend with your children. Don't forget that your budget is limited right now.

You may find that your family responsibilities are piling up. You will have a problem dealing with groups. Children may be less than honest with you.

Aquarius - January 20 - February 18

However, you may not attract the kind of interest you had in mind. Don't let children hold you back from doing things you enjoy. A passionate encounter with your mate should help alleviate that pent-up energy.
