NORTHERN HEALTH COVID-19 VACCINE DISTRIBUTION

MAR 26 – Northern Health (NH) continues to adjust COVID-19 vaccine appointment eligibilities and clinic dates, as BC's COVID-19 Immunization Plan moves forward ahead of schedule. The age-based vaccine rollout using the Pfizer and Moderna vaccines is accelerating across the province. As of noon today, Northern residents born in 1947 or earlier (74+), and Indigenous peoples 55+ can call to book their vaccine appointment. Once you're eligible, you are always eligible.

NH has been vaccinating, or booking vaccinations, for people over the age of 18 in the following communities (regions): Prince Rupert, Haida Gwaii, Stewart, Dease Lake, Granisle, Hazelton and Houston. NH is now planning whole community 18+ clinics for the following communities (DO NOT call into book until the call-in date – the number to call will be made available at that time):

Community	Clinic weeks	Call-in Date
Hudson's Hope	April 5 and April 12	18+ March 26 (today)
Chetwynd	April 5 and April 19	18+ March 27
Fort St. James	April 5 and April 12	18+ March 27
Burns Lake	April 5 and April 12	18+ March 29
Southside	April 12 and April 19	18+ March 29
Tumbler Ridge	April 12 and April 26	18+ April 1
Fraser Lake	April 12 and April 19	18+ April 2
Mackenzie	April 12 and April 19	18+ April 4
McBride	April 19 and April 26	18+ April 5
Valemount	April 19 and April 26	18+ April 5

The 'whole community' approach to vaccinating residents all at once is due to population size, remoteness, logistics, and/or accessibility – and these can be expanded to address outbreaks, clusters or high population incidence rates. The Northern Health call centre to book COVID-19 appointments, based on age range and local eligibility, continues to operate 7am to 7pm PST, seven days a week. Clinic dates and locations will be confirmed at the time of booking.

Eligibility and the call number may differ in your community. Northerners are encouraged to visit the Northern Health website for details on their local appointment eligibility schedules – and to call based on those dates to help helping the booking system operate more smoothly and ensure those who are eligible can be booked quickly and efficiently.

Western society has accepted as unquestionable a technological imperative that is quite as arbitrary as the most primitive taboo: not merely the duty to foster invention and constantly to create technological novelties, but equally the duty to surrender to these novelties unconditionally, just because they are offered, without respect to their human consequences.

Health For Your Home

by Linda Franklin

This column is designed to address economical discoveries that will affect your health in a positive way.

Anti-Flu Supplementation

Some folks who feel the need of extra immunity during flu season look to supplements for support. It's easy to begin to depend upon them, even to the exclusion of food, which is not advisable. A balanced diet, accentuating fresh vegetables and fruits, is generally adequate.

If you know you have been exposed to a virus, it is good to take L-Lysine for a couple of days, morning and evening. If you decide to take extra vitamin C to boost your immunity, add vitamin E as well. The phytochemicals found in garlic, onions and cruciferous vegetables (like cabbage, Brussels sprouts, and kale), tomatoes, grapes and blueberries inhibit the growth of viruses. Zinc (less than 25 mg/day) boosts antioxidant activity by increasing the efficiency of lymphocytes. Plants are not naturally high in zinc, but it is found in tofu, nuts and legumes. Ensure yourself that you are getting enough vitamins B12 and D.

The average age of people living in our military retirement community is 85. Recently, a neighbor turned 100, and a big birthday party was thrown. Even his son turned up. "How old are you?" a tenant asked. "I'm 81 years old," he answered. The tenant shook her head. "They sure grow up fast, don't they?"

Tolerance is like alcohol: in moderate amounts, it softens hard edges, and lubricates the machinery of social interaction; in excess, it leads to foolishness, incoherence, the annihilation of principle, and the destruction of the essential self.

Chetwynd and District Rec Centre 2021 Arena Concession Request for Proposals

The Chetwynd and District Rec Centre is inviting proposals from individuals, groups, organizations, and/or businesses for the operation of the facility concession for four years; to commence when COVID restrictions allow.

All applicants must provide a business management plan that includes:

- Budget
- Safe Food Plan to be approved by the Health Authority
- Sample menu selection with prices
- Proposed hours of operation
- Catering activity plan
- Record of past performance
- References
- Any other information that may be pertinent to operating a successful concession

Viewing of the facilities is required prior to submitting any proposal and further contract specifications and requirements are available to bidders at time of viewing. Contact Steve McLain by phone at 250-788-2214 or by email at smclain@gochetwynd.com for an appointment to view the facilities and to view and pick up contract documents.

Proposals should be submitted to:

"Chetwynd and District Rec Centre Concession Proposal," ATTN: Steve McLain, Director of Recreation for the District of Chetwynd, 4552 North Access Road, Chetwynd, BC, V0C 1J0.

Deadline for receipt of proposals is 2:00 pm, local time, April 19, 2021.

The Peace River Regional District and the District of Chetwynd reserve the right to reject any and all proposals for any reason, or to accept any proposal received which the Peace River Regional District and the District of Chetwynd, in their unrestricted discretion deem most advantageous. The greatest or any proposal may not necessarily be accepted.
