CONSERVATIVES RELEASE DISSENTING REPORT CALLING ON LIBERALS TO SECURE A SOFTWOOD LUMBER AGREEMENT

FORT ST. JOHN – Bob Zimmer, Member of Parliament for Prince George-Peace River-Northern Rockies and Member of the Standing Committee on Natural Resources, issued the following statement regarding the committee's report on the economic recovery of the forestry sector:

"Today, the Standing Committee on Natural Resources delivered a report that failed to reflect the evidence heard by the committee. That is why we Conservatives on the committee have submitted a dissenting report.

"Our dissenting report points out the Liberals' lack of effort in securing a Softwood Lumber Agreement, as well as their continued delay in providing Canadians with a detailed plan on how they will plant two billion trees in ten years. The report also highlights the need for the government to recognize the significant progress the forest industry has made in environmental protection and sustainable resource development.

"With news that the U.S. Commerce Department is moving to double tariffs on Canadian softwood lumber imports, it is increasingly apparent that securing an agreement is vital to our forestry sector's long-term stability.

"From failing to negotiate a new Softwood Lumber Agreement to promises of planting two billion trees without a plan, it is clear that this Liberal government does not hold the forestry sector as a top priority. I have seen firsthand the devastating impact this failure has had on mills and communities throughout our region.

"My Conservative colleagues and I understand how important this sector is to our national economy and will continue to work to secure predictability in our forestry sector for its workers and their families."

Boater safety on the Peace River

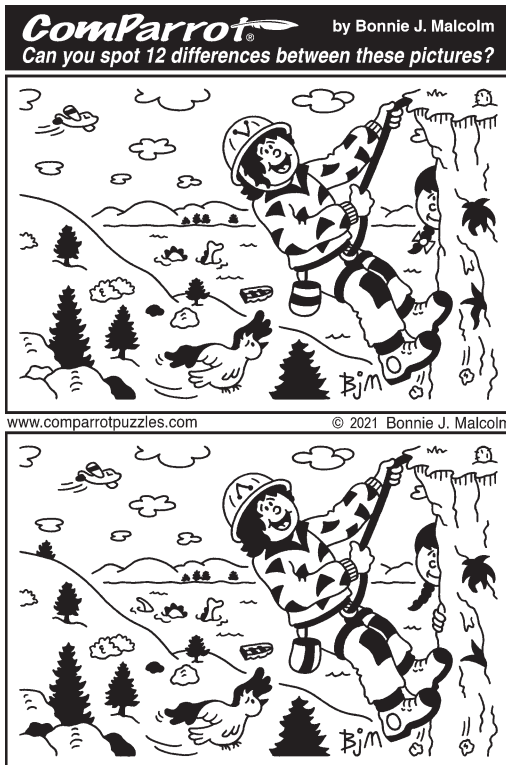

A four-kilometre section of the Peace River is permanently
closed to boaters during the construction of the Site C
project. River users are advised to use extreme caution
when on or near the river this summer due to strong
undertows, especially in locations immediately upstream
of the dam site.

Portage program: To move boaters around the
construction area, a portage program for non-motorized
boats will operate between the Halfway River boat launch
and the Peace Island Park boat launch from May 15 to
September 15. Reservations are required seven days in
advance of pickup.

For more information visit sitecproject.com/boating
or call 1 877 217 0777.

5012 46th Street Chetwynd, BC

B.C. LAUNCHES RESTART PLAN TO SAFELY BRING PEOPLE BACK TOGETHER

With more than 60% of adults vaccinated with their first dose and COVID-19 case counts and hospitalizations steadily declining, British Columbia is moving forward with the cautious first step of a four-step plan for a careful and safe restart.

“British Columbians have sacrificed so much over the last 15 months to help keep people and our communities safe,” said Premier John Horgan. “We have made tremendous strides with our vaccination program, and we are now in a position where we can move forward with a plan to slowly bring us back together. As we have done throughout this pandemic, we will be closely following the guidance of public health and supporting people and businesses as we take the next steps in putting this pandemic behind us.”

BC’s Restart – a four-step plan to bring B.C. back together will be a slow and gradual return to a more normal life, with safety and health protocols such as mask wearing and physical distancing remaining in place and mandatory during the initial two steps of the plan. The four-step plan was designed based on data and guidance from the BC Centre for Disease Control (BCCDC) and Dr. Bonnie Henry, B.C.’s provincial health officer (PHO). Progressing through the steps will be measured by the number of adults vaccinated, COVID-19 case counts and hospitalizations and deaths, taking into account clusters and outbreaks. While there are approximate dates, the plan will be guided by data, not dates, and will not proceed to the next step until it is safe to do so based on guidance from public health and the latest available data.

“We have been on a long and tiring journey, and now we can start to chart our path forward to brighter days ahead,” Henry said. “To be successful in this next phase of the pandemic, we need to keep COVID-19 low and slow. To do that, we need to be slow and measured in our approach, gradually turning up the dial on how we spend time together – whether that is socializing with family, going to work or visiting friends.”

The step-by-step plan will follow approximate timelines and will ease people and businesses slowly out of the pandemic.

Step 1: May 25

- 60% of adult population with Dose 1
- COVID-19 cases stable, hospitalizations stable
 - Maximum of five visitors or one household allowed for indoor personal gatherings
 - Maximum of 10 people for outdoor personal gatherings
 - Maximum of 10 people for seated indoor organized gatherings with safety protocols
 - Maximum of 50 people for seated outdoor organized gatherings with safety protocols
 - Recreational travel only within travel region (travel restrictions extended)
 - Indoor and outdoor dining for up to six people with safety protocols
 - Resume outdoor sports (games) with no spectators, low-intensity fitness with safety protocols
 - Start gradual return to workplaces
 - Provincewide mask mandate, business safety protocols and physical distancing measures remain in place
 - Return of indoor in-person faith-based gatherings (reduced capacity) based on consultation with public health

Step 2: Mid-June (June 15 – earliest date)

- 65% of adult population with Dose 1
- Cases declining, COVID-19 hospitalizations declining
 - Maximum of 50 people for outdoor social gatherings
 - Maximum of 50 people for seated indoor organized gatherings (banquet halls, movie theatres, live theatre) with safety protocols
 - Consultation process to prepare for larger indoor and outdoor gatherings with safety protocols
 - No B.C. travel restrictions – check local travel advisories
 - Indoor sports (games) and high-intensity fitness with safety protocols
 - Spectators for outdoor sports (50 maximum)
 - Provincewide mask mandate, business safety protocols and physical distancing measures remain in place

Step 3: Early July (July 1 – earliest date)

- 70% of adult population with Dose 1
- Cases low, COVID-19 hospitalizations declining
 - Provincial state of emergency and public health emergency lifted
 - Returning to usual for indoor and outdoor personal gatherings
 - Increased capacity for indoor and outdoor organized gatherings, with safety plans
 - Nightclubs and casinos reopen with capacity limits and safety plans
 - New public health and workplace guidance around personal protective equipment, physical distancing and business protocols

Step 4: Early September (Sept. 7 – earliest date)

- More than 70% of adult population with Dose 1
- Cases low and stable (contained clusters), COVID-19 hospitalizations low
 - Returning to normal social contact
 - Increased capacity at larger organized gatherings
 - No limits on indoor and outdoor spectators at sports
 - Businesses operating with new safety plans

For Step 1 and Step 2, restaurants, bars and pubs, as well as indoor fitness facilities, are to return to the existing safety protocols that were in place prior to the circuit breaker restrictions. For other sectors, existing safety protocols remain in place for Step 1 and Step 2, including existing safety protocols at schools and daycares. In Step 1, hotels and other accommodation providers are encouraged to welcome guests from inside their region. In Step 2, the invitation can be extended to guests from throughout the province.

Prior to steps 3 and 4, sector associations will work with public health and WorkSafeBC to update sector guidelines to meet updated public health guidance.

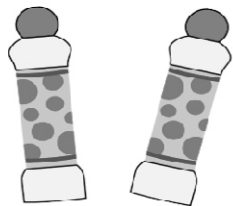

All updated workplace safety plans should be ready by July 1 prior to shifting into Step 3. These plans will be based on updated sector guidelines. Roundtables led by ministries across government will engage with industry and labour, along with WorkSafeBC and public health, to help develop comprehensive updated industry-specific safety plans, as well as engage with First Nations and municipal governments.

“We are able to begin this restart because of the sacrifice and dedication from so many people and businesses throughout B.C.,” said Ravi Kahlon, Minister of Jobs, Economic Recovery and Innovation. “As we transition through the restart plan, we will continue to engage with businesses, industry and key stakeholders. I know that the entrepreneurial spirit of B.C.’s business community will again rise to the challenge as we work together to build a brighter and better future with meaningful jobs and a strong, sustainable economy for all.”

In-class K-12 education will continue to operate under existing safety protocols for steps 1 and 2. In preparation for the return to classes in the fall, the COVID-19 education steering committee will work with public health officials to update safety guidelines. The Province is formally extending the provincial state of emergency through the end of the day on June 8, 2021, allowing health and emergency management officials to continue to use extraordinary powers under the Emergency Program Act to support the Province’s COVID-19 pandemic response. The original declaration was made on March 18, 2020, the day after Henry declared a public health emergency, and can be extended for periods of up to 14 days at a time. Provincial travel restrictions will continue to be enforced until Step 2 of the four-step plan.

BIG BINGO!!!

Bingo Card Color this week is Green!

Prizes are: 1 Line: \$2000 2 Lines: \$3000

Picture Frame: \$5000 Blackout: \$10,000

When our client's dog lapped up anti-freeze, the veterinarian I work for ordered a unique treatment: an IV drip mixing fluids with vodka. "Go buy the cheapest bottle you can find," he told me. At the liquor store, I was uneasy buying cheap booze so early in the day, and I felt compelled to explain things to the clerk. "Believe it or not," I said, "this is for a sick dog." As I was leaving, the next customer plunked down two bottles of muscatel and announced, "These are for my cats."

Tansi Friendship Centre Society Mental Health and Wellness Counsellor

Summary:

The Tansi Friendship Centre Society is seeking an energetic, enthusiastic individual to join our team, either as an employee or contractor, as a Mental Health and Wellness Counsellor. This position would work closely with our Mental Health and Addictions counsellor and the other staff at the TFCS. The Mental Health and Wellness Counsellor will provide support services to all TFCS clients who need assistance in regards to their mental health and wellness. They will participate in the process of case planning, assist clients in the development of life skills and promote healthy lifestyles.

Qualifications:

- A certificate or diploma in counselling, psychology, criminology or sociology OR three (3) years combined education and work experience with a focus on addictions and mental health.
- Knowledge of indigenous culture and traditional practices.
- Ability to counsel youth, adults and families.
- Knowledge of the principles of recovery in mental health illness and treatment.
- Understand trauma-informed care.
- Training in harm reduction and overdose response.
- Ability to deal effectively with conflict situations, manage aggressive behaviour, and use non-violent crisis intervention and behavioural management techniques.
- Ability to maintain confidentiality and to communicate effectively, both verbally and in writing.
- Ability to work with a culturally diverse population.
- Must be able to work flexible hours.
- Valid BC drivers license.
- Criminal record check required.

Hours: Between 15 and 24 hours per week (depending on case load)

Wage: Based on qualifications

Submission Deadline – May 31st, 2021 at noon

Please submit your cover letter, resume and references via email at manager@tansifcs.com

Please note only those candidates invited for an interview will be contacted.

PEACE RIVER REGIONAL DISTRICT

Notice of Alternative Approval Process

Re: Gotta Go Roadside Facilities Service Establishment Bylaw No. 2440

This notice is to advise electors in a portion of the Peace River Regional District (PRRD) of the use of an alternate approval process to obtain participating area approval for “Gotta Go Roadside Facilities Service Establishment Bylaw No. 2440, 2021.” The purpose of the bylaw is to establish a new service that will enable the PRRD to receive funding in the form of taxation from the service area to construct, operate, and maintain roadside facilities in the PRRD, and to provide grant-in-aid to non-profits and government agencies to assist with capital costs, and operation and maintenance costs, of roadside facilities in the PRRD. The service area is all of Electoral Area B, Hudson’s Hope, Taylor, Chetwynd, and Tumbler Ridge.

Deadline:

The PRRD will proceed with this new service unless, by **4:30 pm on July 5, 2021**, at least 10% of the eligible electors from the service area advise the PRRD that the service should not proceed unless it is approved through assent voting (referendum). An elector can advise the PRRD of their desire for a referendum to approve the service by submitting a copy of the approved Elector Response Form to the Corporate Officer on or before **4:30 pm on July 5, 2021**. The number of elector responses required to prevent the PRRD from proceeding unless a vote is held is **796**.

Elector responses must be submitted to the PRRD using the approved Elector Response Form, which must be completed in full and signed by the elector. Response forms will be accepted by mail, email, or in person, as indicated on the form.

Forms can be obtained from the PRRD website, during regular business hours from the PRRD offices in Dawson Creek and Fort St. John, and from municipal offices in Hudson’s Hope, Taylor, Chetwynd, and Tumbler Ridge.

A copy of Gotta Go Roadside Facilities Service Establishment Bylaw No. 2440, 2021, and additional information regarding the service, is available from May 20, 2021 – July 5, 2021, on the PRRD website, and at the PRRD offices in Dawson Creek and Fort St. John Monday to Friday, 8:30 am to 4:30 pm (Fort. St. John office closed daily from 12 noon – 1 pm) excluding statutory holidays.

Resident electors, and non-resident property electors of the service area (Hudson’s Hope, Taylor, Chetwynd, Tumbler Ridge, and Electoral Area B) are eligible to sign the elector response forms and only one form may be submitted by any elector.

You are entitled to fill out the Elector Response Form if you are:

- a Canadian citizen, 18 years of age or older, and
- a resident of BC for at least 6 months immediately before signing the Elector Response Form, and
- a resident of, or registered owner of real property (in your personal name) in Hudson’s Hope, Chetwynd, Taylor, Tumbler Ridge, or Electoral Area B, for at least 30 days immediately before the day you sign the Elector Response Form, and
- not disqualified by law from voting.

In the case of a non-resident property elector, if more than one person owns the relevant property, the majority of owners must grant permission for one person to be an elector with respect to the property. Non-resident property elector consent forms can be obtained at the PRRD Offices during regular working hours. Property owned in whole or in part by a corporation does not qualify under the non-resident property elector provisions.

For further information, please contact the Corporate Officer at 250-784-3200 during regular office hours, or by email to tyra.henderson@prrd.bc.ca
