## PEACE REGION FIRE BAN REMAINS IN EFFECT INDEFINITELY

The total fire ban continues and some residents have not been not paying attention to the media releases about the order. Fire departments were notified and responded to camp fires in back yards in certain municipalities in the Peace Region. In a couple of cases, 911 callers identified fires that were possible structure fires and crews responded with lights and sirens to residents partying in their backyard with fires.

The Fire Chief's office has issued a city-wide burning ban until further notice and campfires are banned virtually province-wide, with that order also in effect indefinitely.

The ban includes:

- Open fires of any size, including camp fires;
- the use and sale of fireworks, sky lanterns and tiki torches;
- burning barrels or burning cages of any size and description;
- the use of binary exploding targets (e.g for rifle target practice); and
- the use of air curtain burners forced-air burning systems

A ban on all category 2 and 3 fires was put in effect last week before a full out ban was later decided. Anyone found in violation could be fined up to \$100,000 and sentenced to one year in jail.

July 16 - 21 **MINIONS**

This is the true joy in life —  
being used for a purpose  
recognized by yourself as a  
mighty one; being thoroughly  
worn out before you are thrown  
on the scrap heap; being a force  
of nature instead of a feverish  
selfish little clod of ailments and  
grievances complaining that the  
world will not devote itself to  
making you happy.

~George Bernard Shaw
