WOLVERINE MINE PROJECT IN TROUBLE WITH ENVIRONMENTAL ASSESSMENT OFFICE OVER COAL TRANSPORTATION

TUMBLER RIDGE, B.C. – The Environmental Office has told Conuma Coal Resources Limited that they are to cease transporting coal by truck since they have broken Condition 1 of the coal certificate they were issued.

According to a recent article in Business Vancouver, there is currently no rail service in the area, which is the requirement for the coal to be moved.

The Environmental Assessment certificate was issued on January 13, 2005. On December 13, 2016, the certificate was amended naming Conuma Coal Resources Limited as the Certificate Holder.

The Environmental Assessment office has issued an Enforcement Order dated July 5, 2017. It stated:

“Following a complaint from a member of the public, the undersigned conducted an inspection of the Project against the requirements of Certificate Condition 1 and has determined that Conuma Coal (Certificate Holder) was not compliant with Condition 1 of the Certificate due to a failure to operate the Project as described in Schedule A of the Certificate. Schedule A indicates that coal from the Wolverine Mine be transported by rail from the loadout facility adjacent to the Wolverine Mine site.”

According to the Enforcement Order, the Certificate Holder (Conuma Coal Resources) has said that between 50 and 100 coal truckloads have been hauling daily from the Wolverine Mine site to the Willow Creek loadout for a minimum of close to four months.

WOLVERINE MINE PROJECT IN TROUBLE WITH ENVIRONMENTAL ASSESSMENT OFFICE OVER COAL TRANSPORTATION

Continued from front page

"The trucks have been traveling north on Highway 29 to the Town of Chetwynd and then west on Highway 97 to the Willow Creek Forest Service Road for a distance of approximately 150 kilometres."

The Environmental Assessment Office has issued the following requirements to Conuma Coal Resources:

- Immediately upon receipt of this Order, cease hauling of coal by truck from the project
- Not resume hauling coal from the Project unless it is by rail through the coal load out facility at the Project site, as authorized by the Certificate, or the Certificate is otherwise amended to authorize another method of transport

The CN Rail spur-line was stopped back in 2014.

The article by Business Vancouver states that Ken McCoy, one of the managing directors for Conuma said he is hopeful the spur line will be operational again by the end of August and that the company is applying for permission to truck until the spur line is open again.

CHETWYND PUBLIC LIBRARY KICKS OFF SUMMER READING CLUB

The Chetwynd Public Library has just launched their Summer Reading Club program for 2017, called "Walk on the Wild Side." Kids from 0-13 are invited to sign up for a summer of learning and reading. They will be given a reading record and a calendar. Children will fill out their record each time they read a book or have a book read to them. After 7 books, you get a sticker for your reading record. You also earn a draw slip for each book checked out, and your name is entered into a draw for a chance to win a bunch of great prizes.

If you attend the weekly programs you have a chance to win extra prizes. During the weekly programs, kids will learn about wild animals, flora, nature, weather and much more.

Sign up today for a summer of learning and reading fun at the Chetwynd Public Library. The Summer Reading Club Wrap up Party is on August 24th.

Carmen Hudson

1978 ~ 2017

Carmen Marie Hudson, a lifelong resident of Chetwynd, B.C. was taken from us suddenly on Saturday, June 17, 2017 at the age of 38 years.

Carmen was born on December 28, 1978. She was the second daughter to Randy and Brenda, joining older sister Wendy and then the family was completed with a third daughter, Shayna. As a little girl she loved being outside and she loved animals.

Carmen was blessed with her handsome son in 2001. By far, this was the best day of her life and motherhood changed her making her top priority, Matthew. He was her pride and joy. Carmen and Matthew's relationship really proved that the term "Mama's Boy" is true. Watching Matthew grow up was such a joy for Carmen. They were inseparable and had a bond like no other. She loved her family and loved family gatherings. Even though she would show up fashionably late, she was not fashionable. Her hair would be pulled up in her trademark messy bun, sweatpants and a sweatshirt that made her look like a fulltime welder. But when she showed up, that's when the party started. The laughter was louder and the stories were better. Carmen was the life of the party.

Carmen also enjoyed walking. It was always easy to spot Carmen when she was out on one of her walks. Driving up behind her, trying to figure out if it was her or not, you would know once you saw the one arm swing and the pigeon-toed waddle.

These are some of the thoughts people have shared about Carmen: an amazing, beautiful woman with a heart of gold; strong spirited, truly goodhearted; definition of a great mother and a great friend; contagious smile and laugh; she brightened a room; always there to lend a hand; kindhearted and hardworking; she never judged and was full of sass; she was witty; she was one in a million; the nicest, funniest, caring person; beautiful soul; positive attitude; she was someone that shows you can never love or laugh enough and that you can always be kinder and help someone when they are down; Carmen's heart was bigger than her hair; her dynamic heart pulled everyone in; to know Carmen is to love Carmen.

A Celebration of Life was held on Friday, June 23, 2017 at 1:00 PM at the Chetwynd Fellowship Baptist Church.

Pastor Bill Evans officiated. Interment followed in the Tuscoola Mountain Cemetery.

For friends so wishing, donations may be made in memory of **Carmen** to a trust account at Lakeview Credit Union in Chetwynd for her son, Matthew.

MP ZIMMER PLEASED WITH FUNDING FOR THE DAWSON CREEK AIRPORT

Prince George-Peace River-Northern Rockies MP, Bob Zimmer is pleased that Transport Canada has announced \$621,875 in funding for the Dawson Creek Airport.

Under Transport Canada's Airports Capital Assistance Program (ACAP) the Dawson Creek Airport will receive \$264,660 to replace the plow truck and reversible plow, \$318,160 to replace the runway sweeper, as well as \$39,055 for the purchase of a runway condition reporting system.

ACAP has been providing funding since 1995 and is designed to assist small regional airports that may have a difficult time raising enough revenue to maintain the quality, year-round service that they provide. Some of the needs that can be addressed by this fund are improvements to airport security, protecting airport assets, and helping to reduce operating costs.

"The Dawson Creek Airport is an excellent example of why this program was established and I'm very pleased to see that they have been able to capitalize on this opportunity," said Mr. Zimmer. "Congratulations to the Dawson Creek Airport, it's good to know that this funding is going for very deserving projects and our community will continue to benefit from the service they provide."

Flood Hazard Assessment

Understanding flood hazards and developing solutions

In recent years, the District of Chetwynd has experienced a number of extreme weather events that resulted in substantial flooding and caused damage to infrastructure and properties, impacted the District's operating and capital budgets, and even resulted in the District declaring a state of emergency in 2016.

Working with the community, key stakeholders and our consultant, Urban Systems, the District is undertaking a flood hazard study to help assess and lessen future risk of flooding over time.
